ENGLISH 2200, ENGLISH 2600, and ENGLISH 3200 are the original programmed courses in grammar, usage, sentence-building, capitalization, and punctuation. Both teachers and parents appreciate how effectively this series helps students master skills in mathematics and language arts. Each book provides activities that are great for independent work in class, homework assignments, or extra practice to get ahead. Test practice pages are included in most titles. Those pesky dangling modifiers, split infinitives, and comma splices, they infect our spoken and written language with such frequency that even native English speakers find it difficult to determine what's right and what's wrong! The McGraw-Hill Handbook of English Grammar and Usage shows you how to fix these everyday English language mistakes. With commonsense, easy-to-remember usage tips throughout, this handbook features incorrect and correct grammatical examples, a short review of basic grammar, a glossary, and more. From Word to Sentence presents a thorough examination of grammar, usage, and sentence style. The book is set up as a series of rules followed by examples. Among the special features are a section on the capitalization of religious terms, an entire unit on diagramming, and a glossary of frequently confused words. In addition, there are a variety of sentence exercises, including some on inclusive language, parallel

structure, and sentence combining. The book is designed as an instructional guide and as a handbook for writers and editors. The authoritative guide to using the English language effectively, from “the greatest writer on grammar and usage that this country has ever produced” (David Yerkes, Columbia University). The author of The Chicago Manual of Style’s popular “Grammar and Usage” chapter, Bryan A. Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With The Chicago Guide to Grammar, Usage, and Punctuation, he has written the definitive guide for writers who want their prose to be both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as educated users of the language. He also offers historical context for understanding the development of these forms. The section on grammar explains how the canonical parts of speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. The Chicago Guide to Grammar, Usage, and Punctuation is a magisterial work, the culmination of Garner’s lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. “[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his advice pushes you to consider audience and occasion, so that you will understand when to follow convention and when you can safely break it.”—John E. McIntyre, Baltimore Sun Help students master the basics of the English language with BASIC GRAMMAR AND USAGE, International Edition. Covering the important rules of grammar, usage, and syntax, this text provides clear explanations and numerous examples to help students succeed. Exercises help them strengthen their grammar and the book-specific website has grammar reviews that ensure that they master the material. This expanded version of the popular Random House Webster’s Pocket Grammar, Usage, and Punctuation offers a clear and precise guide to English. This version includes brand new sections on punctuation, writing, citations, pluralization, abbreviations, numbers, and more, plus quizzes for readers to test their progress and a glossary for easy reference of terms. Designed for middle school teachers and students in California. Offer teachers and students a method to focus on the written and oral language convention required by the standards--to provide an effective

way to teach and learn grammar, usage, and mechanics skills. Master the basics of the English language with BASIC GRAMMAR AND USAGE! Covering the important rules of grammar, usage, and syntax, this developmental English text provides you with clear explanations and numerous examples to help you succeed. Exercises help you strengthen your grammar and the book-specific website has grammar reviews that ensure that you master the material. The go-to guide for perfecting your grammar and communication skills in every situation English teachers aren't the only ones who expect careful and correct language choices. Precision in language can be the deciding factor when it comes to getting a job or winning a promotion. Whether your skills need drastic improvement or a quick brush-up, The McGraw-Hill Handbook of English Grammar and Usage will get your grammar back on the right track. Written by two expert grammarians, the book provides bottom-line definitions, tips, and simple rules that summarize the essentials you need to know. You’ll find clear examples of usage and as well guidance on communication via text, email, and social media. The new, third edition of The McGraw-Hill Handbook of English Grammar and Usage features:

- Straightforward explanations of common mistakes and why they happen
- Hundreds of correct and incorrect sentence examples, with errors clearly marked
- Quick tips for fixing your most stubborn grammatical mishaps
- Catchy memory aids for writing correctly the first time, and more

Presents lessons in learning English grammar. Why another book on this topic? The author's experience editing leading journals in psychology suggests that publication manuals and books on writing about experimentation in psychology do not adequately address grammatical usage and style. Much of the advice published for scientific writers reads as if it had been written either by English teachers for writers who do not publish in scientific fields, or by scientific writers who think that the information already available in countless handbooks on grammar and style for student writers in English classes is enough. Unfortunately, such traditional handbooks do not offer the particular sorts of commentary that scientific writers need. This book offers specific advice on a host of issues ranging from the appropriate use of abbreviations to wordiness -- and how to avoid it. Dr. Bellquist's expertise in both the English language and the language of scientific writing ideally positions him to offer guidelines on the use of the passive, the best wording for statistical presentations, and just how to describe experimental procedures, among many other topics. Complete with examples and principles to guide writing decisions, this book will assist both students and seasoned professionals in presenting their work clearly for maximum impact. This book is intended as a guide to grammar and usage for writers in scientific fields -- particularly in experimental psychology and all fields related to experimental psychology. Features of the book include: \*

alphabetical entries and numerous cross references on grammar, usage, and style; \* numerous examples taken from scientific papers or based on actual cases; \* discussions of semantic problems of grammar such as modification, predication, and statement; \* and discussions of usage specific to experimental psychology, statistics, and related fields. The How to Write series aims to give students a recipe of sorts for creating excellent creative and academic prose and poetry. Each book is constructed as a set of instructions that are meant to illuminate the writing process, eliminating the mystery that so many other books seem to celebrate. Our belief is that writing well is a skill all students can learn, if they have the right guidance along the way. Vest pocket When it comes to pinpointing the stuff you really need to know, nobody does it better than CliffsNotes. This fast, effective tutorial helps you master core grammar, usage, and concepts - from parts of speech, punctuation, and clauses to common sentence errors, misused words, and the elements of style - and get the best possible grade. Interspersed with special TIME FOR KIDS(R) Tips for Writers, the tear-out pages of this student workbook offer both pertinent information and guided practice activities to reinforce the basic building blocks of writing. Grammar and Usage in the Classroom addresses prospective English teachers who need both to learn basic grammar themselves and to prepare themselves to successfully teach grammar. Based on the author's extensive work with school districts, in-service teachers, and hundreds of his own students, the second edition has been thoroughly revised and reorganized into three parts: Grammar; Usage; and A Glossary of Grammatical Terms. The grammar opens with a chapter on the current state of teaching grammar and usage; presents traditional school grammar; and, in the last grammar chapter, introduces a modern descriptive grammar to analyze verb complements. For elementary and secondary teachers and English majors. This guide is based on a study of referees' reports and letters from journal editors on the reasons why papers written by non-native researchers are rejected due to problems with English usage, style and grammar. It draws on English-related errors from around 5000 papers written by non-native authors, 500 abstracts by PhD students, and over 1000 hours of teaching researchers how to write and present research papers. English for Research: Usage, Style, and Grammar covers those areas of English usage that typically cause researchers difficulty: articles (a/an, the), uncountable nouns, tenses (e.g., simple present, simple past, present perfect), modal verbs, active vs. passive form, relative clauses, infinitive vs. -ing form, the genitive, noun strings, link words (e.g., moreover, in addition), quantifiers (e.g., each vs. every), word order, prepositions, acronyms, abbreviations, numbers and measurements, punctuation, and spelling. Due to its focus on the specific errors that repeatedly appear in papers written

by non-native authors, this manual is an ideal study guide for use in universities and research institutes. The book is cross-referenced with the following titles: • English for Academic Research: Grammar Exercises • English for Academic Research: Vocabulary Exercises • English for Academic Research: Writing Exercises • English for Writing Research Papers Adrian Wallwork is the author of more than 30 English Language Teaching (ELT) and English for Academic Purposes (EAP) textbooks. He has trained several thousand PhD students and researchers from 40 countries to prepare and give presentations. Since 1984 he has been revising research manuscripts through his own proofreading and editing service.
