**Floral Design** Apr 01 2021 Master The Art of Livening Up Living Spaces And Special Events With This Unconventional And Powerful Guide To Floral Design. Floral design can be surprisingly difficult. It may look easy at first-since flowers are already beautiful, throwing together a few flowers and making a bouquet should be easy and pleasing to the eye-but that's not often the case. Coupled with the dearth of authoritative information on floral design, it easy to see why a lot of floral patterns may look colorful, but lack depth and a certain something that gives a flower arrangement that conveys a tangible feeling, atmosphere or mood. Unlike other books on floral design, most of which are often outdated and ill-adapted for the tastes of the modern world, Rebecca Wellner and Bo Morgan have teamed up to create a masterpiece on floral design that is as timeless as it's effective. While other books focus on step-by-step instruction on how to create particular floral designs, Wellner and Morgan show you how to actually think about floral design like an expert and intuitively make floral arrangements that are perfect for any and every occasion. Here's a preview of what you're going to discover in this guide: The five basic elements required for breathtaking floral designs Essential floral design tools you need to have How to think about colors and matching the right colors for your floral arrangement Foolproof flower identification guide to help you pick the right flowers for any event Mind-blowing floral arrangements for any event and how you can make them ...and tons more! Although designed for beginners and jam-packed with creative insights and indispensable techniques, *Floral Design: A Beginner's Guide To Floral Arrangements* contain a wealth of effective advice that can be implemented by anyone, regardless of skill level. Ready to take your floral design skills to the next level with awe-inspiring arrangements? Scroll up and click the button to purchase now!

**Hacker No More, Your Guide to Better Golf** Jul 05 2021 Bo Green started playing golf like so many countless others. High scores. Lost balls. Frustration. He was, in short, a hacker. A regular guy in search of a better game, he made a commitment to improve his game. In relatively short order, he did

improve. He lowered his scores, yes, but more importantly, he started having fun again on the golf course. Learn how Bo turned from weekend hacker to weekend warrior. Learn how you can do the same. An average person's quick-read guide to better golf, let Hacker No More be your guide to enjoying the great sport of golf.

**Book Formatting for Self-publishers** Sep 06 2021 ..".a 'must' for any aspiring self-publisher..." -- Midwest Book Review FINALIST, 2nd Place, Writing & Publishing, Global EBook Awards Learn How to Achieve Your Publishing Dreams Today! "Jennette Green's Book Formatting for Self-Publishers can help you take control of your publishing career . . ." Have you written a book that you would like to see published? Today, the barriers preventing an author from getting his/her book published have vanished. No longer do authors need to send out countless query letters to publishers, who either dump them in the trash, or send a standard, cold rejection letter. Now you can take control of your publishing career. In this book, you will learn simple techniques to produce a professional looking print book or ebook. Take advantage of the author's years of experience producing professional book files for satisfied clients. Her tips and tricks to mastering the technical details of publishing a book are presented in a simple, step-by-step format that anyone can understand. Dozens of accompanying illustrations make learning the steps even easier. If you own Microsoft Word and Adobe Acrobat Pro (version 7 or later), you can publish your book now.\* With a well-written book, a good marketing plan, and this how-to manual, you can make your publishing dreams come true. What is stopping you? Get started today! In this book, you will learn how to: Use Microsoft Word. Learn how to format your novel or nonfiction book. Learn tips to make your book look professional. Easily Format eBooks. Use your Microsoft Word print document to create ebooks for Kindle, NOOK, and Smashwords. Convert Book Covers. Discover how to build a book cover on a template. Learn how to convert any book cover file so that it will be accepted at Lightning Source and CreateSpace. Apply for Amazon's "Look Inside the Book." Find out how to format and submit your book to Amazon's "Look Inside" program. And much, much more... Jennette Green is a multi-published, international author of both fiction and nonfiction. She has helped numerous authors and publishers prepare their books for publication. She provides technical support, book and ebook formatting, as well as her specialty of building and converting covers to meet Lightning Source and CreateSpace requirements. Her passion is to empower others to achieve their publishing dreams. \* Adobe Photoshop (or Scribus) is also needed in order to produce a cover file for Lightning Source. If you would like to apply advanced Kindle formatting to your book, please note that this how-to manual does not cover the use of CSS, html, KindleGen, NCX files, or other advanced Kindle formatting issues. If this area is of interest to you, the purchase of a separate book covering these topics is recommended. As well, this manual is best suited for fiction novels, or general nonfiction books. If your print nonfiction book requires a great deal of specialized formatting, you may consider using a professional page layout program, such as Adobe InDesign. The use of InDesign is not covered in this book. For Windows/PC; Tips for Mac on FormatABook.com website

**The Goofy Guide Dog #1** Nov 20 2022 Bo has a very important job as a guide dog to a blind human. Bo is very proud of his job and wants to do the very best he can, but he's just so goofy that he can't get out of his own way sometimes. In this hilarious tale, Bo gives in to his stomach and takes a sandwich that isn't his. Find out if Alex is able to rehabilitate Bo in time to keep him from being sent back to the trainer. Perfect for children grades 2-6

**The Middle School Student's Guide to Academic Success** Feb 21 2023 It's never too early to start achieving your goals! Get started on the road to success with this unique guide to middle school and beyond—brought to you by FranklinCovey, the company behind the 7 Habits series and The Leader in Me. Middle school is full of changes—maybe it's a new, bigger school, maybe it's friendships starting to get more complicated, or maybe it's a combination of a lot of things. But these changes don't have to be bad, in fact they could be the best thing for us—because when things start to change we have the opportunity to grow. That's why even though middle schoolers have a ton of other things going on, middle school is the perfect time for them to start altering their habits and goals for their future success. Sure it might sound a little scary, but with a little help it can also be exciting! Framed as twelve conversations to start having, rather than checklists or rules, this unique guide helps students start thinking about what they want their futures to look like and readying themselves to achieve those goals. In *The Middle School Student's Guide to Academic Success*, portions of which were previously published as *Beat the Middle*, authors Blake and Bo Nemelka offer tried and true advice, opportunities for reflection and action that middle schoolers can tailor to their individual goals and interests, and ways for parents and guardians to help them along the way. Beginning with topics students can get started on now—like setting goals, improving your GPA, working on time management skills, and balancing extracurricular activities—and moving forward to future subjects including college applications, scholarships, and money management—this book is the ultimate guide to helping readers become not only successful middle schoolers, but successful people.

*Quick Guide to Fantasy Football* Jan 28 2021 "Describes fantasy football, including how to play the game, form a team, and strategies to win"--

**C(o)Re** Apr 25 2023 This is the book for you: -if you have a career but are not quite sure why-if you want one but are not quite sure how, or-if you had one and would quite like to understand what went wrong. A multitude of real-life examples will show you that all great careers rest on the four pillars of Competence, Opportunity, Relationships and Enterprise. The book is short and to the point and the insights readily available to any readers ready to navigate the obscene numbers of footnotes, appreciate the cuteness of the illustrations, and accept the occasionally confusing aspects of the author's sense of humour.

*Storytelling with Data* May 15 2022 Don't simply show your data—tell a story with it! *Storytelling with Data* teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. *Storytelling* is not

an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

*Observing the Sun* May 03 2021 "Observing the Sun" is for amateur astronomers at all three levels: beginning, intermediate, and advanced. The beginning observer is often trying to find a niche or define a specific interest in his hobby, and the content of this book will spark that interest in solar observing because of the focus on the dynamics of the Sun. Intermediate and advanced observers will find the book invaluable in identifying features (through photos, charts, diagrams) in a logical, orderly fashion and then guiding the observer to interpret the observations. Because the Sun is a dynamic celestial body in constant flux, astronomers rarely know for certain what awaits them at the eyepiece. All features of the Sun are transient and sometimes rather fleeting. Given the number of features and the complex life cycles of some, it can be a challenging hobby. "Observing the Sun" provides essential illustrations, charts, and diagrams that depict the forms and life cycles of the numerous features visible on the Sun.

**We're All Doing Time** May 27 2023 Bo Lozoff is the director of Human Kindness Foundation and its internationally acclaimed Prison-Ashram Project. His writings, workshops, and tapes have helped countless people transform their lives into sacred practice even in some of our worst prisons -- prisons of selfishness, fear, anger, and addiction as well as bars and steel.
