Year to Success Jul 27 2023 Have you been promised success if you follow a few quick and dirty "rules" or "secrets" of success? Are you tired of irrelevant analogies that do nothing for you but make you feel inadequate? Have you had enough of highly metaphysical concepts and not enough practical solutions? Have you had your fill of grossly exaggerated claims that try to trick you into thinking success is easy? Are you all "affirmationed" out? You are not alone. Think of success as a game of chance in which you have control over the odds. As you begin to master concepts in personal achievement, you are increasing your odds of achieving success. Year To Success is a full year course in success, designed to be a practical guide to achieving your definition of success. Each day of this course will, through practical application, increase your odds of achieving success. It has been said that one line of wisdom can change your life more than volumes of books. Imagine what hundreds of pages of wisdom can do. Year To Success is perhaps the most complete book on success ever written. It uses my "formula" for success: education + inspiration + action = success. Education: each week starts off with two educational articles and ends with two more educational articles. Inspiration: the third day of the week is a "success biography" on someone I believe is one of the most successful people in history. The Road to Success Apr 24 2023 To take a road trip to Success, we will need a destination as well as a GPS. Success is described here as the achievement of a goal. The goals we adopt may be the result of experience, vision or desire. They crystallize our desire to get to a better place. Having picked a goal for success, how do you get there? What drives you on? Some more popular goals include amassing wealth, gaining recognition and a desire to improve the lifestyle of others. It is also interesting to note that both philosophers as well as successful travellers on this road to success tell us that the journey is the real prize, not merely arriving at the destination. So what route does your roadmap follow? Whatever route you choose, the CelebrityExperts(R) in this book can mentor your trip.

They have completed this trip before, and they know where the potholes and the dead-ends are. These successful people have traits in common including creativity, risk taking, planning, perseverance and they are action-takers. Without taking action, The Road To Success is merely a mirage. So read, learn and enjoy. Safe travels A good plan, violently executed now, is better than a perfect plan next week. Gen. George S. Patton, Jr.

The Success Book Jun 02 2021 A caveat is in order. This is not another feel-good, self-help book, containing the usual platitudes, cliché truisms, and banal commonplace mantras, that have come to characterize, and even caricature, the self-help genre of writing. This is a book of action. Contained herein, are the working tools necessary to take the helm of one's own mind. In this age of information inundation and pervasive social media distraction, misinformation and disinformation abound. Critical thinking is rare. Groupthink rules. This has not always been the case. Only a generation ago, eminent men, such as Napoleon Hill and Earl Nightingale, were expounding upon the idea of taking the helm of one's own mind, with usual regularity, on the mediums of both television and radio. This book reintroduces, and

demystifies, that concept to this generation. Not a moment too soon. Contained herein, is the framework for the development of your own Personal Strategic Life Plan (PSLP). Remember, that the magic begins through action. Wake up with the sun.
