“Fascinating. Ellison has the art of page-turning down flat, and readers will be swept up by both the terror—and the romance.” —Booklist, Starred Review “This book casts a spell over its

readers.”—SLJ, Starred Review “An engaging mystery starring a teen girl with obsessive-compulsive disorder. A pleasing mix of realism, tension, intrigue and romance.” —Kirkus Reviews “. . . a strong, twisty thriller of a debut . . . [with] a complex and memorable heroine.”—Publishers Weekly “Lo’s relationship with the mysterious street boy who calls himself Flynt, layered on top of her almost supernatural loneliness and helpless compulsions, gives the novel an otherworldly quality.”—VOYA “A debut worth picking up. Stark and realistic.”—RTBooks

Penelope (Lo) Marin has always loved to collect beautiful things. Her dad's consulting job means she's grown up moving from one rundown city to the next, and she's learned to cope by collecting (sometimes even stealing) quirky trinkets and souvenirs in each new place--possessions that allow her to feel at least some semblance of home. But in the year since her brother Oren's death, Lo's hoarding has blossomed into a full-blown, potentially dangerous obsession. She discovers a beautiful, antique butterfly pendant during a routine scour at a weekend flea market, and recognizes it as having been stolen from the home of a recently murdered girl known only as "Sapphire"--a girl just a few years older than Lo. As usual when Lo begins to obsess over something, she can't get the murder out of her mind. As she attempts to piece together the mysterious "butterfly clues," with the unlikely help of a street artist named Flynt, Lo quickly

finds herself caught up in a seedy, violent underworld much closer to home than she ever imagined--a world, she'll ultimately discover, that could hold the key to her brother's tragic death.

The Eye of the World Sep 05 2021 Relates a tale of the bestial Trollocs, the witch Moiraine, and three boys, one of whom is fated to become the Dragon--the World's only hope and the sure means of its destruction

Bookish Boyfriends Oct 26 2020 A teenage rabid romance reader finds herself in her own version of *Pride & Prejudice* in this sweet and swoony series opener. Boys are so much better in books. At least according to Merrilee Campbell, fifteen, who thinks real-life chivalry is dead and there'd be nothing more romantic than having a guy woo her like the heroes in classic stories. Then she, her best friend, Eliza, and her younger sister, Rory, transfer to Reginald R. Hero Prep--where all the boys look like they've stepped off the pages of a romance novel. Merri can hardly walk across the quad without running into someone who reminds her of Romeo. When the brooding and complicated Monroe Stratford scales Merri's trellis in an effort to make her his, she thinks she might be Juliet incarnate. But as she works her way through her literature curriculum under the guidance of an enigmatic teacher, Merri's tale begins to unfold in ways she couldn't have imagined. Merri soon realizes that only she is in charge of her story. And it is a truth

universally acknowledged that first impressions can be deceiving . . . “Schmidt ably captures the discombobulation and turn-on-a-dime emotions experienced by many early teens, and surrounds Merri with a believable cast of supporting characters. This contemporary rom-com series starter is a fun introduction to classics for middle-grade readers and younger YAs, wittily making old stories new again.” ?Booklist, starred review “Schmidt unapologetically places romance, and more romance, at the heart of this YA novel for younger teens . . . Ultimately Schmidt pits Romeo against a Mr. Darcy type in this romantic comedy (complete with Bridget Jones-like mishaps), whose heroine must open herself to the idea that the boy she least expects may turn out to be her real romantic hero.” –Publishers Weekly “This meshing of romantic classics and modern-day relationships is over-the-top good fun for tween romantics.” –Kirkus Reviews

Ribbons of Scarlet Mar 11 2022 “The French Revolution comes alive through the eyes of six diverse and complex women, in the skilled hands of these amazing authors.”--Martha Hall Kelly, New York Times bestselling author of Lilac Girls
A breathtaking, epic novel illuminating the

hopes, desires, and destinies of princesses and peasants, harlots and wives, fanatics and philosophers—seven unforgettable women whose paths cross during one of the most tumultuous and transformative events in history: the French Revolution. *Ribbons of Scarlet* is a timely story of the power of women to start a revolution—and change the world. In late eighteenth-century France, women do not have a place in politics. But as the tide of revolution rises, women from gilded salons to the streets of Paris decide otherwise—upending a world order that has long oppressed them. Blue-blooded Sophie de Grouchy believes in democracy, education, and equal rights for women, and marries the only man in Paris who agrees. Emboldened to fight the injustices of King Louis XVI, Sophie aims to prove that an educated populace can govern itself—but one of her students, fruit-seller Louise Audu, is hungrier for bread and vengeance than learning. When the Bastille falls and Louise leads a women's march to Versailles, the monarchy is forced to bend, but not without a fight. The king's pious sister Princess Elisabeth takes a stand to defend her brother, spirit her family to safety, and restore the old order, even at the risk of her head. But when fanatics use the newspapers to twist the revolution's ideals into a new tyranny, even the women who toppled the monarchy are threatened by the guillotine. Putting her faith in the pen, brilliant political wife Manon Roland tries to write a way out of

France's blood-soaked Reign of Terror while pike-bearing Pauline Leon and steely Charlotte Corday embrace violence as the only way to save the nation. With justice corrupted by revenge, all the women must make impossible choices to survive--unless unlikely heroine and courtesan's daughter Emilie de Sainte-Amaranthe can sway the man who controls France's fate: the fearsome Robespierre.

Hold Your Own Nov 19 2022 From playwright, novelist, spoken-word star, and the youngest-ever winner of the Ted Hughes Award, an electrifying poem-sequence based on the myth of the gender-switching prophet Tiresias. My heart throws its head against my ribs, / it's denting every bone it's venting something it has known since I arrived and felt it beat. Walking in the forest one morning, a young man disturbs two copulating snakes--and is punished by the goddess Hera, who turns him into a woman. So begins *Hold Your Own*, a riveting tale of youth and experience, wealth and poverty, sex and love, that draws ancient figures into a fiercely contemporary vision. Weaving elements of classical myth, autobiography and social commentary, *Tempest* uses the story of the blind, clairvoyant Tiresias to create four sequences of poems, addressing childhood, manhood, womanhood, and late life. The result is a rhythmically hypnotic tour de force--and a hugely ambitious leap forward for one of the most broadly talented and compelling young writers today.

Edible Insects Mar 31 2021 Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Although the majority of consumed insects are gathered in forest habitats, mass-rearing systems are being developed in many countries. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for

raising insects at a commercial scale to improve food and feed production, diversify diets, and support livelihoods in both developing and developed countries. It shows the many traditional and potential new uses of insects for direct human consumption and the opportunities for and constraints to farming them for food and feed. It examines the body of research on issues such as insect nutrition and food safety, the use of insects as animal feed, and the processing and preservation of insects and their products. It highlights the need to develop a regulatory framework to govern the use of insects for food security. And it presents case studies and examples from around the world. Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. To fully realise this potential, much work needs to be done by a wide range of stakeholders. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.
