**College Essay Essentials** May 26 2023 Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? *A critical evaluation of Robert Putnam's "Bowling Alone: America's declining Social Capital"*

Sep 06 2021 Essay from the year 2012 in the subject Politics - International Politics - Region: USA, grade: 1.0, Jacobs University Bremen gGmbH, course: Civic Networks & Social Capital, language: English, abstract: This paper critically evaluates Robert Putnam's "Bowling Alone: America's declining social capital", published in 1995 in the Journal of Democracy, both empirically and theoretically. It counterchecks the empirical findings by Putnam based on data from the WorldValuesSurvey of 2006 and thereby also provides an updated view on Putnam's claim of declining social capital in the United States. Subsequently Putnam's theory is put into contrast with and linked to works by Granovetter (1973), Dalton (2008); Fischer (2001); Fischer & Hout (2006); Stolle, Hooghe & Micheletti (2005); Kadushin (2004).

**The Shabbat Elevator and other Sabbath Subterfuges** Aug 17 2022 There are literally hundreds if not thousands of books written about Judaism and Jews, but this book is unlike any previously published. It focuses on the topic of 'circumventing custom' with special emphasis on the ingenious ways Orthodox (and other) Jews have devised to avoid breaking the extensive list of activities forbidden on the Sabbath. After examining the sources of Sabbath observance as set forth in the Old Testament, the New Testament, and rabbinical writings, some of the most salient forms of circumvention are described. These include: riding a special Shabbat elevator, unscrewing the lightbulb in the refrigerator, constructing an eruv (a space extending one's domicile so that objects may be carried outside the home), and relying on the services of the so-called 'Shabbes Goy,' among others. Dundes respectfully analyzes such facets of Jewish characteristics as an undue concern with purity, and a long-established tradition of indulging in nit-picking and argumentation. The resultant picture of Jewish character is drawn from an unusual mixture of religious written texts and oral tradition (jokes and proverbs). The sources range from ancient Israel to works from the twenty-first century. In many ways, it is an authentic and striking Jewish self-portrait that is painted for the very first time in this fascinating volume. The Bedford Guide for College Writers with Reader, Research Manual, and Handbook with 2009

MLA and 2010 APA Updates Oct 19 2022 When it was first published twenty years ago, The Bedford Guide for College Writers brought a lively and innovative new approach to the teaching of writing. Since that time, authors X. J. and Dorothy M. Kennedy have won praise for their friendly tone and their view, apparent on every page of the text, that writing is the "usually surprising, often rewarding art of thinking while working with language." More recently, experienced teacher and writer Marcia F. Muth joined the author team, adding more practical advice to help all students — even those underprepared for college work — become successful academic writers. While retaining the highly praised "Kennedy touch," The Bedford Guide continues to evolve to meet classroom needs. The new edition does even more to build essential academic writing skills, with expanded coverage of audience analysis, source-based writing, argumentation and reasoning, and more.

*Literary Historicity* Sep 25 2020 *Literary Historicity* explores how eighteenth-century British writers considered the past as an aspect of experience. Mack moves between close examinations of literature, historiography, and recent philosophical writing on history, offering a new view of eighteenth-century philosophies of history in Britain. Such philosophies, she argues, could be important literarily without being focused, as has been assumed, on questions of fact and fiction. Eighteenth-century writers—like many twentieth-century philosophers—often used literary form not in order to exhibit a work's fictional status but in order to consider what the relation between the past and present might be. *Literary Historicity* portrays a British Enlightenment that both embraces the possibility of historical experience and interrogates the terms for such experience, one deeply engaged with historical consciousness not as an inevitability of the modern world, but as something to be understood within it.

The Americanization of the Global Village Oct 07 2021 This collection of essays taken from a series of papers given at the Popular Culture division of the MLA convention in 1987 consists of a serious investigation of Popular Culture and in simplest terms investigates what people do and why they do it. Rolin's collection deals with the national identity of consumer countries and comes to grips with the fact that the consumption of foreign products could generate emotions of disjunction and displacement.

Throwing Sheep in the Boardroom Sep 18 2022 "If you want to understand why Wikipedia is changing the world, this book is a must read." –Jimmy Wales, Founder, Wikipedia "This book is a must read for all - social activists, politicians or managers - who have an interest in understanding how our society is morphing." –Professor C.K. Prahalad, #1 Management Guru and author of *Competing for the Future* Synopsis The rise of social networks like Facebook, MySpace and Bebo is changing the way we see ourselves, how we interact with each other, how we work and how we do business on a daily basis. *Throwing Sheep in the Boardroom* explores the powerful forces driving the social networking revolution, the impact of these profound changes, and the far reaching consequences of social networking. Detailing the way social networks affects both individuals and societies as a whole, the book offers a detailed focus on the ways social networking affects the world of business and work. The generation entering the workforce today - and entering boardrooms everywhere - is fully engaged with social networking and its uses. Rather than feeling threatened and paranoid, today's business leaders need to understand this phenomenon, accept that it won't go away, and embrace its power in the world of business. Excerpts from *Throwing Sheep in the Boardroom*: "Your next CEO's most impressive job credential might be status as an online gladiator, honing valuable leadership skills mercilessly slaying mortal enemies on World of Warcraft. Why not, the skills necessary to hack your way to the top levels of virtual games – especially a killer instinct – are excellent pre-requisites for managing complex organisations." "Many senior managers mistakenly believe Enterprise 2.0 is a product, like the latest Microsoft office suite. They don't realise that Enterprise 2.0 is not a cost centre, but a "state of mind" – a revolutionary new way of managing companies and conducting business. Web 2.0 tools have no regard for "organisational boundaries, hierarchies, or job titles". Try telling a senior executive that, henceforth, there will be no job titles, reporting lines, and organisational boundaries in the company – and watch the reaction closely." "When someone calls a meeting, he or she is asserting authority over those who are invited to attend. Meetings are exclusive and closed. In most corporations, who gets invited to a meeting – and who does not – sends a signal about who's 'in the loop'. Meetings are a form of social grooming inside organisations. Meetings impose vertical authority. They establish status hierarchies. The Enterprise 2.0 model is feared in corporations because it threatens status hierarchies." "Harnessing the dynamism of horizontal networks, Web 2.0 social media are bypassing institutional forms of social organisation and directly empowering people. This book has attempted to tell that story with illustrations, which, we hope, have offered intriguing and instructive insights into the powerful transformations we described. What has interested us most, indeed, is the transformative impact – or "e-ruptions" – of Web 2.0 social media on the three dynamics that gave this book its structure: identity, status and power."

**Speaking of Writing: A Brief Rhetoric – with MLA 2021 Update** Apr 20 2020 Co-authored

by a novelist and a scholar, *Speaking of Writing* follows four college students from diverse backgrounds as they face the challenges of reading, writing, and critical thinking in first-year composition classes and across the disciplines. Each chapter engages students in relatable, often humorous scenarios that focus on key challenges. Through its story-based approach, this brief rhetoric enacts process-based pedagogy, showing student writers grappling with fundamental questions: How can I apply my own strategies for success to new assignments? How can I maintain my own voice when asked to compose in an academic style? What do college professors mean by a thesis? Why is my argument weak, and how can I make it stronger? The book vividly dramatizes a draft-and-revision process that includes instructor feedback, peer review, and careful research.

*Letters from the Dust Bowl* Dec 21 2022 In May 1936 Secretary of Agriculture Henry A.

Wallace wrote to Caroline Henderson to praise her contributions to American "understanding of some of our farm problems." His comments reflected the national attention aroused by Henderson's articles, which had been published in *Atlantic Monthly* since 1931. Even today, Henderson's articles are frequently cited for her vivid descriptions of the dust storms that ravaged the Plains. Caroline Henderson was a Mount Holyoke graduate who moved to Oklahoma's panhandle to homestead and teach in 1907. This collection of Henderson's letters and articles published from 1908 to 1966 presents an intimate portrait of a woman's life in the Great Plains. Her writing mirrors her love of the land and the literature that sustained her as she struggled for survival. Alvin O.
