**Standard Catalog of Imported Cars 1946-2002** Jul 21 2022 This is the only book that completely lists accurate technical data for all cars imported into the U.S. market from 1946-2000. With many imports approaching the antique status, this book will be a big seller across all generations of car enthusiasts. From the grandiose European carriages of the late Forties to the hot, little Asian imports of the Nineties, every car to grace American roadways from across the Atlantic and Pacific is carefully referenced in this book. Foreign car devotees will appreciate the attention given to capturing precise data on Appearance and Equipment, Vehicle I.D. Numbers, Specification Charts, Engine Data, Chassis, Technical Data, Options and Historical Information. Collectors, restorers and car buffs will love this key book from noted automotive authors, James Flammang and Mike Covello.

**Twelve Years A Slave, Illustrated Edition** Apr 17 2022 Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

**Car Guys vs. Bean Counters** Jun 07 2021 A legend in the car industry reveals the philosophy that's starting to turn General Motors around. In 2001, General Motors hired Bob Lutz out of retirement with a mandate to save the company by making great cars again. He launched a war against penny pinching, office politics, turf wars, and risk avoidance. After declaring bankruptcy during the recession of 2008, GM is back on track thanks to its embrace of Lutz's philosophy. When Lutz got into the auto business in the early sixties, CEOs knew that if you captured the public's imagination with great cars, the money would follow. The car guys held sway, and GM dominated with bold, creative leadership and iconic brands like Cadillac, Buick, Pontiac, Oldsmobile, GMC, and Chevrolet. But then GM's leadership began to put their faith in analysis, determined to eliminate the "waste" and "personality worship" of the bygone creative leaders. Management got too smart for its own good. With the bean counters firmly in charge, carmakers (and much of American industry) lost their single-minded focus on product excellence. Decline followed. Lutz's commonsense lessons (with a generous helping of fascinating anecdotes) will inspire readers at any company facing the bean counter analysis-paralysis menace.

**Rocket Man** Jul 29 2020 A compilation of inspiring and motivational quotes from Elon Musk, "the world's most remarkable living entrepreneur" (Chris Anderson, curator of TED). Elon Musk, the South African-born entrepreneur who made his first fortune with Internet companies such as PayPal, has risen to global prominence as the visionary CEO of both Tesla Motors and SpaceX, two companies with self-proclaimed missions to improve life as we know it and better secure the future of humanity. For the first time, the most insightful, thought-provoking, and revealing quotes from this entrepreneurial engineer have been compiled into a single book. Rocket Man: Elon Musk in His Own Words is a comprehensive guide to the inner workings of the man dubbed "the real Tony Stark." Hundreds of his best quotes, comprising thoughts on business, clean energy, innovation, engineering, technology, space, electric vehicles, entrepreneurship, life lessons, and more, provide an intimate and direct look into Silicon Valley's most ambitious industrialist. How could a young man who at one time seemed like "just" another Internet entrepreneur have gone on to build two highly disruptive companies and innovate technologies related to everything from electric batteries to rocket manufacturing? There's no better way to learn than through his own words. This book curates Musk quotes from interviews, public appearances, online postings, company blogs, press releases, and more. What emerges is a "word portrait" of the man whose companies' swift rise to the top will undoubtedly keep their status-quo competitors scrambling to keep up.

Models covered include 730i, 735i, V8, 730i, 740i, V12, 750i, 750iL, E32, Alpina B11, Alpina B12.

**Death Catch** Dec 14 2021 Ex-Navy SEAL Alex Moss has settled

comfortably into a life at sea, far removed from the wars of his past. He commands Fearless, one of the world's premier science vessels. Along with his crew of special operations forces veterans, Moss now assists in the advancement of marine science, but the life he loves is about to be threatened in ways neither he nor his crew could ever imagine. Dr. Thomas Falcon is a highly respected and widely published shark biologist with a powerful and ancient family history he knows almost nothing about. When Falcon's best friend and colleague, the gifted shark researcher Dr. Peter Marsh, invites him to join his scientific expedition aboard the privately funded research vessel Fearless, Falcon jumps at the chance. Once Dr. Falcon arrives on board, however, history catches up with him when he unwittingly triggers violent events that will threaten all of their lives. Death Catch is a ripping action adventure that moves like a high speed chase, a wild ride that will send your pulse racing.

**The Toyota Leaders: An Executive Guide** Jun 19 2022 Six decades ago, Toyota was an embarrassment. Today, they are the auto- industry leader. The Toyota Leaders: An Executive Guide tells how they did it, and in such a way that allows readers to apply the lessons. Discover how Toyota is more than just a series of good business moves, but a culture first put into place by its founders and built on through the years. Not a corporate history, Sato uses Toyota's past to contextualize his discussion as he focuses on the company's unique business strategies. - Find out why an innovative vehicle like the hybrid Prius came from Toyota and not the more technologically - advanced Honda. - Learn how General Motors supplied invaluable business know-how to then-provincial Toyota in the early eighties. - Discover why Toyota thinks giving back to Japan and the world is a smart idea. - Learn how a national healthcare system is a good thing for business. This is the Toyota book for entrepreneurs and executives in all industries, not just manufacturing.

**Achtung-Panzer!** Oct 31 2020 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Brazen Chariots** Nov 12 2021 The story of Operation Crusader launched by the Eighth Army on 18 November 1941, against the Axis forces which stood on the borders of Egypt and around beleaguered Tobruk.
