The Hero of the Filipinos Sep 09 2021 Excerpt from **The Hero of the Filipinos: The Story of Jos Rizal, Poet, Patriot and Martyr** Lest we forget how foolish, in the end, are the pretended racial superiorities, it may be well to take note of this brown man that revealed a genius so great, a mind so strangely resourceful, so wide a range in achievement, so unusual a character, while performing a service so momentous. Of a race too lightly esteemed by Caucasians, he left a record of which the foremost Caucasian people might justly be proud. Heroes and Martyrs of Palestine: The Politics of National Commemoration. Cambridge Middle East Studies, Jun 06 2021 The history of the Palestinians over the last half century has been one of turmoil, a people living under occupation or exiled from their homeland. Theirs has been at times a tragic story, but also one of resistance, heroism and nationalist aspiration. **Laleh Khalili's** book is based on her experiences in the Lebanese refugee camps, where commemorations of key moments in the history of the struggle have helped forge a sense of nationhood. She also observes how, as discourses of liberation have evolved in recent years within the international community, there has been a shift in the representation of Palestinian nationalism from the heroic to the tragic mode. This trend is exemplified through the elevation of martyrs to iconic figures in the Palestinian collective memory. This book will appeal to students and scholars of the Middle East, and to those interested in the politics of nationalism, commemoration and conflict.

The Myth of Persecution Nov 23 2022 In **The Myth of Persecution**, **Candida Moss**, a leading expert on early Christianity, reveals how the early church exaggerated, invented, and forged stories of Christian martyrs and how the dangerous legacy of a martyrdom complex is employed today to silence dissent and galvanize a new generation of culture warriors. According to cherished church tradition and popular belief, before the Emperor **Constantine** made Christianity legal in the fourth century, early Christians were systematically persecuted by a brutal Roman Empire intent on their destruction. As the story goes, vast numbers of believers were thrown to the lions, tortured, or burned alive because they refused to renounce Christ. These saints, Christianity's inspirational heroes,

are still venerated today. Moss, however, exposes that the "Age of Martyrs" is a fiction—there was no sustained 300-year-long effort by the Romans to persecute Christians. Instead, these stories were pious exaggerations; highly stylized rewritings of Jewish, Greek, and Roman noble death traditions; and even forgeries designed to marginalize heretics, inspire the faithful, and fund churches. The traditional story of persecution is still taught in Sunday school classes, celebrated in sermons, and employed by church leaders, politicians, and media pundits who insist that Christians were—and always will be—persecuted by a hostile, secular world. While violence against Christians does occur in select parts of the world today, the rhetoric of persecution is both misleading and rooted in an inaccurate history of the early church. Moss urges modern Christians to abandon the conspiratorial assumption that the world is out to get Christians and, rather, embrace the consolation, moral instruction, and spiritual guidance that these martyrdom stories provide.

Islam and the Making of the Nation Mar 04 2021 A testament to the relevance of historical research in understanding contemporary politics, *Islam and the Making of the Nation* guides the reader through the contingencies of the past that have led to the transformation of a nationalist leader into a 'separatist rebel' and a 'martyr', while at the same time shaping the public perception of political Islam and strengthening the position of the Pancasila in contemporary Indonesia.

Heroes and Martyrs of Palestine Aug 01 2023 Many decades have passed since the Palestinian national movement began its political and military struggle. In that time, poignant memorials at massacre sites, a palimpsest of posters of young heroes and martyrs, sorrowful reminiscences about lost loved ones, and wistful images of young men and women who fought as guerrillas, have all flourished in Palestinian refugee camps in Lebanon and in the Occupied Palestinian Territories. *Heroes and Martyrs of Palestine* tells the story of how dispossessed Palestinians have commemorated their past, and how through their dynamic everyday narrations, their nation has been made even without the institutional memory-making of a state. Bringing ethnography to political science, Khalili invites us to see Palestinian nationalism in its proper international context and traces its affinities with Third Worldist movements of its time, while tapping a rich and oft-ignored seam of Palestinian voices, histories, and memories.

Bobby Sands - An Irish Martyr? Apr 04 2021 Pre-University Paper from the year 2009 in the subject English - Applied Geography, grade: 1,0, language: English, abstract: Bobby Sands was a member of the paramilitary Irish Republican Army who was arrested for the possession of firearms in 1977 and died on hunger strike four years later because Margaret Thatcher refused to force-feed him. As his death in Maze Prison caused massive reactions all over the world, Sands was regarded as one of the most significant members of the IRA. A very popular citation that can be found everywhere on the Internet when you look for Bobby Sands is: "They have nothing in their whole imperial arsenal that can break the spirit of one Irishman who doesn't want to be broken! " Although there is no clear evidence that this sentence was said by the IRA-Member Bobby Sands or if this quote is

just a legend attached to the famous hunger striker after his death, it sums up his attitude towards Great Britain and Margaret Thatcher in a short and provocative way. History has shown that the answer to the question who is a heroic fighter for freedom and who is a terrorist depends on the point of view of the person judging the actions of another person - the Taliban were heroes for the USA when they fought the Soviet Union and even Saddam Hussein was seen as the hero of the Iran-Iraq War. The same thing can be said about the Irish Republican Army and their members because many Irish see or saw them as heroes fighting for the freedom of their home country whereas the English saw them as terrorists attacking the integrity of the United Kingdom. On the following pages I will try to outline who Bobby Sands was, what ideas he fought and died for and if he can be seen as an "Irish Martyr" today. I will start with the historical background to show where the English-Irish conflict has its roots and what role the IRA and especially Bobby Sands played in that tragedy. To do that I will examine the life of Bobby Sands to see what made a young Irishman j

Heroes, Martyrs, and Political Messiahs in Revolutionary Cuba, 1946-1958 Feb 24 2023 A leading scholar sheds light on the experiences of ordinary Cubans in the unseating of the dictator Fulgencio Batista In this important and timely volume, one of today's foremost experts on Cuban history and politics fills a significant gap in the literature, illuminating how Cuba's electoral democracy underwent a tumultuous transformation into a military dictatorship. Lillian Guerra draws on her years of research in newly opened archives and on personal interviews to shed light on the men and women of Cuba who participated in mass mobilization and civic activism to establish social movements in their quest for social and racial justice and for more accountable leadership. Driven by a sense of duty toward la patria (the fatherland) and their dedication to heroism and martyrdom, these citizens built a powerful underground revolutionary culture that shaped and witnessed the overthrow of Batista in the late 1950s. Beautifully illustrated with archival photographs, this volume is a stunning addition to Latin American history and politics.

Sacred and Secular Martyrdom in Britain and Ireland since 1914 Jan 14 2022 During and immediately after the First World War, there was a merging of Christian and nationalist traditions of martyrdom, expressed in the design of war cemeteries and war memorials, and the state funeral of the Unknown Warrior in 1920. John Wolffe explores the subsequent development of these traditions of 'sacred' and 'secular' martyrdom, analysing the ways in which they operated - sometimes in parallel, sometimes merged together and sometimes in conflict with each other. Particular topics explored include the Protestant commemoration of Marian and missionary martyrs, and the Roman Catholic campaign for the canonization of the 'saints and martyrs of England'. Secular martyrdom is discussed in relation to military conflicts especially the Second World War and the

Falklands. In Ireland there was a particularly persistent merging of sacred and secular martyrdom in the wake of the Easter Rising of 1916 although by the time of the Northern Ireland 'Troubles' in the later twentieth-century these traditions diverged. In covering these themes, the book also offers historical and comparative context for understanding present-day acts of martyrdom in the form of suicide attacks.

***Gaza* Aug 09 2021 "Gaza is among the most densely populated places in the world. Two-thirds of its inhabitants are refugees, and more than half the population is under eighteen years of age. Since Israel occupied Gaza in 1967, it has systematically de-developed the economy. After Hamas won democratic elections in 2006, Israel intensified its blockade of Gaza, and after Hamas consolidated its control of the territory in 2007, Israel tightened its illegal siege another notch. In the meantime, Israel has launched no less than eight military operations against Gaza--culminating in Operation Cast Lead in 2008-9 and Operation Protective Edge in 2014--that left behind over three million tons of rubble. Recent UN reports predict that Gaza will be unlivable by 2020. Norman G. Finkelstein presents a meticulously researched and devastating inquest into Israel's actions of the last decade. He argues that although Israel justified its blockade and violent assaults in the name of self-defense, in fact these actions were cynical exercises of brutal power against an essentially defenseless civilian population. Based on hundreds of human rights reports, the book scrutinizes multifarious violations of international law Israel committed both during its operations and in the course of its decade-long siege of Gaza. It is a monument to Gaza's martyrs and a scorching accusation against their tormentors'" --Provided by publisher.**

***Martyr Cults and Political Identities in Lebanon* Jun 18 2022 Sabrina Bensen sheds light on political cults of martyrs in Lebanon and reconsiders the context of their emergence, development and distinct characteristics since 1920. She examines how the honouring of martyrs became an established practice in Lebanese politics and is crucial to grasp the logic of violence and conflict. Drawing on the case of the Amal movement, the author analyses central narratives to the group's discourse and practices concerning martyrdom to show how identity construction and strategies of legitimizing power are intertwined. Moreover, the book provides insides into political competition strategies, especially in regards to the two major Shi'ite political actors, Amal and Hizbullah, and takes a new look on martyrdom by going beyond cultural-religious explanations.**

Bonhoeffer Down Under Dec 01 2020 If Protestants had saints, Dietrich Bonhoeffer--martyred under Hitler on April 9, 1945 just days before the Allies reached his concentration camp--would be one of the first canonised. Not just his unsought martyr's death, but his life's movement from privilege to growing identification with the suffering, his courageous return from the safety and beckoning success of the US to Germany, his work with the Confessing Church and, more controversially, with the underground resistance in the plot to assassinate Hitler, all argue his case for canonisation. Bonhoeffer is among ten twentieth-century martyrs above the Great West Door at Westminster Cathedral, where their portraits of ten tell more about the artists and their age than the saint and theirs, the movement of their lives and the movements they belonged to or

founded. This is certainly true of Bonhoeffer and the Church of his anguished age. This collection of essays is from 'Down Under', for with the exception of the paper by UK theologian Keith Clements, are all the papers are by writers who live and work in the southern hemisphere. They include former Australian Prime Minister, Kevin Rudd, South African theologian, John de Gruchy, and a number of Australian writers. These include papers by historian John Moses, and theologians Gordon Preece, Brian Rosner, Bruce Barber, Max Chamption and Neil Holm. Kevin Rudd writes in this volume that 'Bonhoeffer is, without doubt, the man I admire most in the history of the twentieth century. He was a man of faith. He was a man of reason ... He was never a nationalist, always an internationalist'. For tormented twenty-first century humanity Bonhoeffer is still one of our best guides to that new humanity being birthed by the Spirit of Christ in the midst of those seeing from and suffering below.

Pio Gama Pinto Sep 21 2022 Pio Gama Pinto was born in Kenya on March 31, 1927. He was assassinated in Nairobi on February 24, 1965. In his short life, he became a symbol of anti-colonial and anti-imperialist struggles in Kenya and India. He was actively involved in Goa's struggle against Portuguese colonialism and in Mau Mau during Kenya's war of independence. For this, he was detained by the British colonial authorities in Kenya from 1954-59. His contribution to the struggle for liberation for working people spanned two continents - Africa and Asia. And it covered two phases of imperialism - colonialism in Kenya and Goa and neo-colonialism in Kenya after independence. His enemies saw no way of stopping the intense, lifelong struggle waged by Pinto - except through an assassin's bullets. But his contribution, his ideas, and his ideals are remembered and upheld even today by people active in liberation struggles. This book does not aim or claim to be a comprehensive record on Pio Gama Pinto, just the beginning of the long journey necessary to record the history of Kenya from an anti-imperialist perspective. It introduces readers to voices of many people who have written about Pinto to build up as clear a picture of Pinto as possible. In that spirit, it seeks to make history available to those whose story it is - people of Kenya, Africa and progressive people around the world.

Martyrs and Tricksters Nov 11 2021 An important look at the hopeful rise and tragic defeat of the Egyptian Revolution of 2011 The Egyptian Revolution of 2011 began with immense hope, but was defeated in two and a half years, ushering in the most brutal and corrupt regime in modern Egyptian history. How was the passage from utmost euphoria into abject despair experienced, not only by those committed to revolutionary change, but also by people indifferent or even hostile to the revolution? In *Martyrs and Tricksters*, anthropologist and Cairo resident Walter Armbrust explores the revolution through the lens of liminality—initially a communal fellowship, where everything seemed possible, transformed into a devastating limbo with no exit. To make sense of events, Armbrust looks at the martyrs, trickster media personalities, public spaces, contested narratives, historical allusions, and factional struggles during this chaotic time. Armbrust shows that while martyrs became the primary symbols of mobilization, no one took seriously enough the emergence of political tricksters. Tricksters appeared in media—not the vaunted social media of a “Facebook revolution” but television—and they paved the way for the rise of Abd al-Fattah al-Sisi. In the end Egypt became a global political vanguard, but not in the way the revolutionaries intended. What initially appeared as the gateway to an age of revolution has transformed the world over into the age of the trickster. Delving into how Egyptians moved from unprecedented exhilaration to confusion and massacre, *Martyrs and Tricksters* is a powerful cultural biography of a tragic revolution.

Jan Hus Oct 23 2022 Jan Hus was a late medieval Czech university master and popular preacher who was condemned at the Council of Constance and burned at the stake as a heretic in 1415. Thanks to his contemporary influence and his posthumous fame in the Hussite movement and beyond, Hus has become one of the best known figures of the Czech past and one of the most prominent reformers of medieval Europe as a whole. This definitive biography now available in English opposes the view of Hus that saw his importance primarily as a martyr, subsequently invoked by a variety of religious, national, and political groups eager to appropriate his legacy. Looking for Hus's significance in his own time, this treatment tells a story of a late medieval intellectual who—through his dedicated pursuit of what he understood as his mission—generated conflict and eventually brought execution upon himself. By investigating the life and death of Jan Hus, one learns not only about the man, but about the church, state, and society in late medieval Europe. The story told in this book is original in structure and purpose. Each chapter takes a major event in Hus's life as a starting point for a broader discussion of crucial problems connected to his career and the controversies he generated. How did these specific events

contribute to Hus's own convictions? By suggesting parallels to and departures from other late medieval figures and events in Europe, the book liberates Hus from a narrow and nationalist Czech historiography and places him squarely in a broader European context, showing a significance that transcended Czech borders. From a number of different vantage points, it raises a central question critical to understanding the later Middle Ages: why was a sincere ecclesiastical reformer condemned by a church council committed to reform itself?

Holy War, Martyrdom, and Terror Aug 21 2022 *Holy War, Martyrdom, and Terror* examines the ways that Christian theology has shaped centuries of conflict from the Jewish-Roman War of late antiquity through the First Crusade, the French Revolution, and up to the Iraq War. By isolating one factor among the many forces that converge in war—the essential tenets of Christian theology—Philippe Buc locates continuities in major episodes of violence perpetrated over the course of two millennia. Even in secularized or explicitly non-Christian societies, such as the Soviet Union of the Stalinist purges, social and political projects are tied to religious violence, and religious conceptual structures have influenced the ways violence is imagined, inhibited, perceived, and perpetrated. The patterns that emerge from this sweeping history upend commonplace assumptions about historical violence, while contextualizing and explaining some of its peculiarities. Buc addresses the culturally sanctioned logic that might lead a sane person to kill or die on principle, traces the circuitous reasoning that permits contradictory political actions, such as coercing freedom or pardoning war atrocities, and locates religious faith at the backbone of nationalist conflict. He reflects on the contemporary American ideology of war—one that wages violence in the name of abstract notions such as liberty and world peace and that he reveals to be deeply rooted in biblical notions. A work of extraordinary breadth, *Holy War, Martyrdom, and Terror* connects the ancient past to the troubled present, showing how religious ideals of sacrifice and purification made violence meaningful throughout history.

The Making of Martyrs in India, Pakistan & Bangladesh Aug 28 2020 *Making of Martyrs* unravels an epic saga of populist politics in the postcolonial Indian subcontinent. Indira Gandhi, Zulfikar Ali Bhutto and Sheikh Mujibur Rahman were towering figures and have been simultaneously loved and hated in equal measure. During their heyday, each of these leaders garnered extraordinary power and charisma. Their followers, admirers and loyal supporters continue to idolise and romanticise them, yet in the eyes of their critics they were ruthless, power-hungry tyrants and partisan villains. These dichotomies remain irreconcilable since their followers venerate them as a model for the future and their critics relegate them to a haunted past. Drawing on years of research, Faisal Khosa explores the turbulent lives and times of these three leaders and gives us a vivid account of their politics and personalities.

American Sanctuary Jun 30 2023 In 1797 the bloodiest mutiny ever suffered by the Royal Navy took place on the British frigate HMS *Hermione* off the coast of Puerto Rico. Jonathan Robbins, a reputed American sailor who had been impressed into service, made his way to American shores. President John Adams bowed to Britain's request for his

extradition. Convicted of murder and piracy by a court-martial in Jamaica, Robbins was hanged. Adams's catastrophic miscalculation ignited a political firestorm, only to be fanned by Robbins's failure to receive his constitutional rights of due process and trial by jury by an American court. *American Sanctuary* brilliantly lays out in riveting detail the story of how the Robbins affair, amid the turbulent presidential campaign of 1800, inflamed the new nation and set in motion a constitutional crisis, resulting in Adams's defeat and Thomas Jefferson's election as the third president of the United States. Robbins's martyrdom led directly to the country's historic decision to grant political asylum to foreign refugees—a major achievement in fulfilling the promise of American independence.

Though he was not actively involved in its planning or conduct, he ultimately approved of its goals which eventually led to Philippine independence.

In Liam O'Flaherty's novel, "The Martyr" (1933), banned in Ireland, Free State forces land on the Kerry coast and target Tralee, O'Flaherty's "Sallytown". Events around the Free State troop landing and its sequel are seen through the eyes of Sallytown's defenders and its townspeople, clerical and lay. In the author's fictional reconstruction of this real Civil War encounter, professional Free State troops face Sallytown's ill-trained, badly-led and poorly equipped volunteer defenders. The total ineffectuality of Sallytown's Republican leader relates to his obsession with Catholic nationalist ideology. A dialogue between him and a Free State army torturer paves the way for the novel's startling ending.

The Wiley Blackwell Companion to Christian Martyrdom May 30 2023 A unique, wide-ranging volume exploring the historical, religious, cultural, political, and social aspects of Christian martyrdom. Although a well-studied and researched topic in early Christianity, martyrdom had become a relatively neglected subject of scholarship by the latter half of the 20th century. However, in the years following the attack on the Twin Towers on September 11, 2001, the study of martyrdom has experienced a remarkable resurgence. Heightened cultural, religious, and political debates about Islamic martyrdom have, in a large part, prompted increased interest in the role of martyrdom in the Christian tradition. *The Wiley Blackwell Companion to Christian Martyrdom* is a comprehensive examination of the phenomenon from its beginnings to its role in the present day. This timely volume presents essays written by 30 prominent scholars that explore the fundamental concepts, key questions, and contemporary debates surrounding martyrdom.

in Christianity. Broad in scope, this volume explores topics ranging from the origins, influences, and theology of martyrdom in the early church, with particular emphasis placed on the Martyr Acts, to contemporary issues of gender, identity construction, and the place of martyrdom in the modern church. Essays address the role of martyrdom after the establishment of Christendom, especially its crucial contribution during and after the Reformation period in the development of Christian and European national-building, as well as its role in forming Christian identities in Asia, Africa, and the Americas. This important contribution to Christian scholarship: Offers the first comprehensive reference work to examine the topic of martyrdom throughout Christian history Includes an exploration of martyrdom and its links to traditions in Judaism and Islam Covers extensive geographical zones, time periods, and perspectives Provides topical commentary on Islamic martyrdom and its parallels to the Christian church Discusses hotly debated topics such as the extent of the Roman persecution of early Christians The Wiley Blackwell Companion to Christian Martyrdom is an invaluable resource for scholars and students of religious studies, theology, and Christian history, as well as readers with interest in the topic of Christian martyrdom.

[Blood Letters](#) Jul 20 2022 The staggering story of the most important Chinese political dissident of the Mao era, a devout Christian who was imprisoned, tortured, and executed by the regime Blood Letters tells the astonishing tale of Lin Zhao, a poet and journalist arrested by the authorities in 1960 and executed eight years later, at the height of the Cultural Revolution. The only Chinese citizen known to have openly and steadfastly opposed communism under Mao, she rooted her dissent in her Christian faith -- and expressed it in long, prophetic writings done in her own blood, and at times on her clothes and on cloth torn from her bedsheets. Miraculously, Lin Zhao's prison writings survived, though they have only recently come to light. Drawing on these works and others from the years before her arrest, as well as interviews with her friends, her classmates, and other former political prisoners, Lian Xi paints an indelible portrait of courage and faith in the face of unrelenting evil.

Politics of Death Jan 31 2021 To disentangle the National Socialists' path to power in Germany, one must attend to the discursive strategies and liturgical practices employed by its emocrats, or manipulators of emotions. The apotheosis of martyrdom in the National Socialist propaganda template is far from being a marginal element in the movement's history. Owing to its mobilising and unifying potential in constructing a community of memory, the glorification of Nazi martyrdom constituted a fundamental pillar of the movement's communicative and propaganda strategy, stressed to the point of paroxysm. The propaganda and lies that ground the construction of the martyr as a prefiguration of the "new man" are the core ideas that form the backbone of this book. The Nazis' politics of death was a carefully managed element of National Socialism from its very inception. The martyrs, and their blood sacrificed on the altar of the fatherland, were an invaluable propaganda weapon. There were three pillars of the Nazi martyrdom frame: sublimation of death, posthumous sugar-coating and "tamed" death. Once the Nazi movement had taken control of German state apparatus, the mechanisms for disseminating the exemplary martyr in society may have changed, but not the specifics of the propaganda strategy itself.
