"This is a powerful and affecting story." (KLIATT) At the tender age of fifteen, groundbreaking lead singer Cherie Currie joined a group of talented girls—Joan Jett and Lita Ford on guitar, Jackie Fox on bass, and Sandy West on drums—who could rock like no one else. Arriving on the Los Angeles music scene in 1975, The Runaways catapulted from playing small clubs to selling out major stadiums—headlining shows with opening acts like the Ramones, Van Halen, Cheap Trick, and Blondie while riding a wave of hit songs and platinum albums, and touring the world. A shocking, funny, and touching re-creation of a bygone era of rock and roll that chronicles the Runaways' rise to fame and ultimate demise, Neon Angel is also an intensely personal account of Currie's struggles with drugs, sexual abuse, and violence in a decadent, high-pressure music scene—a world of uncontrolled excess where she and her unsupervised bandmates had to grow up fast and experience things that no teenage girls should. "Zink is about true courage in the face of unpredictable predators. In an age where too many are quick to confront fears and differences with senseless violence, Zink exemplifies the importance of tolerance and acceptance. Imaginative, funny, and heartbreaking, this allegory features a pre-teen girl with leukemia and a herd of talking African zebras whom she meets when she is diagnosed with her life-threatening illness. The

zebras include street-smart Ice Z, grandfatherly Papa Zeke and pompous Zilch, along with Shlep, a furry green monkey who's certain he's also a zebra. The zebras recount to her their legend of Zink, a mythical polka-dotted zebra once an outcast but later a hero. As Becky's condition worsens and she is mistreated by some classmates, she zaps back and forth between real life and the zebra world, until the shattering, breathtaking, and uplifting climax."--Publisher's description." A young girl whose beloved brother is killed in an accident, searches for his heart which was donated for a heart transplant. A young Native American woman remembers her volatile childhood as she searches for her lost brother in the Canadian wilds in an extraordinary, critically acclaimed debut novel As she races along Canada's Douglas Channel in her speedboat—heading toward the place where her younger brother Jimmy, presumed drowned, was last seen—twenty-year-old Lisamarie Hill recalls her younger days. A volatile and precocious Native girl growing up in Kitamaat, the Haisla Indian reservation located five hundred miles north of Vancouver, Lisa came of age standing with her feet firmly planted in two different worlds: the spiritual realm of the Haisla and the sobering "real" world with its dangerous temptations of violence, drugs, and despair. From her beloved grandmother, Ma-ma-oo, she learned of tradition and magic; from her adored, Elvis-loving uncle Mick, a Native rights activist on a perilous course, she learned to see clearly, to speak her mind, and never to bow

down. But the tragedies that have scarred her life and ultimately led her to these frigid waters cannot destroy her indomitable spirit, even though the ghosts that speak to her in the night warn her that the worst may be yet to come. Easily one of the most admired debut novels to appear in many a decade, Eden Robinson's *Monkey Beach* was immediately greeted with universal acclaim—called “gripping” by the San Diego Union-Tribune, “wonderful” by the Milwaukee Journal Sentinel, and “glorious” by the Globe and Mail, earning nominations for numerous literary awards before receiving the Ethel Wilson Fiction Prize. Evocative, moving, haunting, and devastatingly funny, it is an extraordinary read from a brilliant literary voice that must be heard.

When you're an identical twin, your story always starts with someone else. For Iris, that means her story starts with Lark. Iris has always been the grounded, capable, and rational one; Lark has been inventive, dreamy, and brilliant—and from their first moments in the world together, they've never left each other's side. Everyone around them realized early on what the two sisters already knew: they had better outcomes when they were together. When fifth grade arrives, however, it's decided that Iris and Lark should be split into different classrooms, and something breaks in them both. Iris is no longer so confident; Lark retreats into herself as she deals with challenges at school. And at the same time, something strange is happening in the city around them, things both great and small going missing without a trace. As Iris begins to understand that anything can be lost in the blink of an eye, she decides it's up to her to find a way to keep her sister safe. When high school junior Tommy Smythe goes missing, everyone has a theory about what happened to him. He was an odd kid, often deeply involved in particle physics, so maybe he just got distracted and wandered off. He was last seen at a pullout off the highway, so maybe someone snatched him. Tommy believes that everything is possible, and that until something can be proven false, it may be true. So as long as Tommy's whereabouts are undetermined, he could literally be anywhere. Told in a series of first-person narratives from people who knew Tommy, *Evidence of Things Not Seen* by award-winning author Lindsey Lane explores themes of loneliness,

connectedness, and the role we play in creating our own realities. An NPR Best Book of the Year The hilarious, charming, and candid story of writer Christopher Ingraham's decision to uproot his life and move his family to Red Lake Falls, Minnesota, population 1,400—the community he made famous as “the worst place to live in America” in a story he wrote for the Washington Post. Like so many young American couples, Chris Ingraham and his wife Briana were having a difficult time making ends meet as they tried to raise their twin boys in the East Coast suburbs. One day, Chris – in his role as a “data guy” reporter at the Washington Post – stumbled on a study that would change his life. It was a ranking of America's 3,000+ counties from ugliest to most scenic. He quickly scrolled to the bottom of the list and gleefully wrote the words “The absolute worst place to live in America is (drumroll please) ... Red Lake County, Minn.” The story went viral, to put it mildly. Among the reactions were many from residents of Red Lake County. While they were unflappably polite – it's not called “Minnesota Nice” for nothing – they challenged him to look beyond the spreadsheet and actually visit their community. Ingraham, with slight trepidation, accepted. Impressed by the locals' warmth, humor and hospitality – and ever more aware of his financial situation and torturous commute – Chris and Briana eventually decided to relocate to the town he'd just dragged through the dirt on the Internet. If You Lived Here You'd Be Home by Now is the story of making a decision that turns all your preconceptions – good and bad -- on their heads. In Red Lake County, Ingraham experiences the intensity and power of small-town gossip, struggles to find a decent cup of coffee, suffers through winters with temperatures dropping to forty below zero, and unearths some truths about small-town life that the coastal media usually miss. It's a wry and charming tale – with data! -- of what happened to one family brave enough to move waaaay beyond its comfort zone The story of "a talented chef and the food critic who brings down her restaurant, whose chance meeting turns into a ... romance of mistaken identities"--Amazon.com. Fleeing a disastrous love affair, university librarian Amy Webber moves in with her aunt in a quiet, historic mountain town in Virginia. She quickly busies herself with

managing a charming public library that requires all her attention with its severe lack of funds and overabundance of eccentric patrons. The last thing she needs is a new, available neighbor whose charm lures her into trouble. Dancer-turned-teacher and choreographer Richard Muir inherited the farmhouse next door from his great-uncle, Paul Dassin. But town folklore claims the house's original owner was poisoned by his wife, who was an outsider. It quickly became water under the bridge, until she vanished after her sensational 1925 murder trial. Determined to clear the name of the woman his great-uncle loved, Richard implores Amy to help him investigate the case. Amy is skeptical until their research raises questions about the culpability of the town's leading families... including her own. When inexplicable murders plunge the quiet town into chaos, Amy and Richard must crack open the books to reveal a cruel conspiracy and lay a turbulent past to rest in A Murder for the Books, the first installment of Victoria Gilbert's Blue Ridge Library mysteries. An eight-year-old girl is transported into the past while looking for a lost doll in her aunt's memory chest. Wells is a machine that might offer them the hope they need! THE FINAL CHAPTER IN THE VAN ZANDT SAGA IS HERE The war between the Republic of Cascadia and the rogue nation Western Canada is raging. Gordon must defeat Jacques and his army swiftly, but to do so requires a final decisive battle. This

battle will be do or die for Gordon and his fledgling republic, but is not the only problem Gordon is facing. With much of his attention focused on Jacques, he must also dedicate time to a political war brewing in McCall and Olympia. There he'll discover his adversary is the most cunning and cut throat of any enemy he has ever faced on the battlefield. When it all ends, some who've stood with Gordon will be lost and those who remain pray that their sacrifices will usher in the new world they've been fighting so hard for. 'First published 54 years ago and yet feels as timely as any book I've read this year' Observer Nine months after the Nazi occupation of Austria, 600 Jewish Children assembled at Vienna station to board the first of the Kindertransports bound for Britain. Among them was 10 year old Lore Segal. For the next seven years, she lived as a refugee in other people's houses, moving from the Orthodox Levines in Liverpool, to the staunchly working class Hoopers in Kent, to the genteel Miss Douglas and her sister in Guildford. Few understood the terrors she had fled, or the crushing responsibility of trying to help her parents gain a visa. Amazingly she succeeds and two years later her parents arrive; their visa allows them to work as domestic servants - a humiliation for which they must be grateful. In Other People's Houses Segal evokes with deep compassion, clarity and calm the experience of a child uprooted from a loving home to become stranded among strangers.
