The heartwarming true tale of the friendship between a man and the penguin he saved. João finds a penguin, soaked in oil, on the shore. Barely moving on the sand, too tired to swim, too weak to stand ... João must save this little guy. Without his help, he'll surely die. João takes the penguin home. He cleans him, feeds him and nurses him back to health — and the pair develop an unlikely bond. When the penguin is fully recovered, João knows it's time to return

him to the wild where he belongs. But the penguin has other ideas ... When the heart is open, friendship can happen anywhere. OLD MAN'S BEARD, H. R. Wakefield's second collection of ghost stories, was first published in 1929, and built on the success of the earlier THEY RETURN AT EVENING. The fifteen disturbing tales collected here are: 'Old Man's Beard', 'The Last to Leave', 'The Cairn', 'Present at the End', "'Look Up There!'", "'Written in Our Flesh'", 'Blind Man's Buff', 'A Coincidence at Hunton', 'Nurse's Tale', 'The Dune', 'Unrehearsed', 'A Jolly Surprise for Henri', 'The Red Hand', 'Surprise Item', 'A Case of

Mistaken Identity'. From the #1 New York Times bestselling author of Killers of the Flower Moon, a mesmerizing collection of true-crime stories that includes "The Old Man and the Gun"—the inspiration for the movie starring Robert Redford and Sissy Spacek, along with two other riveting tales. "The Old Man and the Gun" is the incredible story of a bank robber and prison escape artist who modeled himself after figures like Pretty Boy Floyd and who, even in his seventies, refuses to retire. "True Crime" follows the twisting investigation of a Polish detective who suspects that a novelist planted clues in his fiction to an actual murder.

And "The Chameleon" recounts how a French imposter assumes the identity of a missing boy from Texas and infiltrates the boy's family, only to soon wonder whether he is the one being conned. In this mesmerizing collection, David Grann shows why he has been called a "worthy heir to Truman Capote" and "simply the best narrative nonfiction writer working today," as he takes the reader on a journey through some of the most intriguing and gripping real-life tales from around the world. Look for David Grann's latest book, *The Wager*, coming soon! Every Sunday, Grandpa waited for me in his room, and I took my place at the foot of the bed.

There were days when Grandpa wanted to talk, and days when we sat in silence. Then one day, Grandpa began telling me stories about his life at sea—tales of love and adventure and danger on the ocean waves. And that’s when I learned who my grandpa really was . . . Santiago, an old Cuban fisherman, has gone 84 days without catching a fish. Confident that his bad luck is at an end, he sets off alone, far into the Gulf Stream, to fish. Santiago’s faith is rewarded, and he quickly hooks a marlin...a marlin so big he is unable to pull it in and finds himself being pulled by the giant fish for two days and two nights.

Now an original series from FX starring Jeff Bridges, John Lithgow, and Amy Brenneman: a retired intelligence officer living off the grid is caught in “[a] harrowing hunt-and-hide adventure” (The New York Times). To all appearances, Dan Chase is a harmless retiree in Vermont with two big mutts and a grown daughter he keeps in touch with by phone. But

most sixty-year-old widowers don’t have multiple driver’s licenses, savings stockpiled in banks across the country, or two Beretta Nanos stashed in the spare bedroom closet. Most have not spent decades on the run. Thirty-five years ago, as a young army intelligence hotshot, Chase was sent to Libya to covertly assist a rebel army. When the plan turned sour, Chase acted according to his conscience—and triggered consequences he never could have anticipated. To this day, someone still wants him dead. And just when he thought he was finally safe, Chase is confronted with the history he spent much of his life trying to escape. Edgar Award-winning

author Thomas Perry writes thrillers that move “almost faster than a speeding bullet” (Wall Street Journal). The Old Man is his latest whip-smart standalone novel, and has been adapted into a critically acclaimed television series starring Jeff Bridges as retired CIA Agent Dan Chase. “Perry drives deep into Jack Reacher territory in this stand-alone [novel] . . . Swift, unsentimental, and deeply satisfying.” —Kirkus Reviews

Day breaks over the town. Wake up, everybody! Its time to go to school. It's time for the old man to get up, too. The night was icy and he's hungry. His name? He no longer knows ... This is the story of a person

with no job, no family, no home - nobody, who can't even remember his name. But his day changes when he is noticed by a child. A mouse, a frog, a rabbit, a fox, a wolf, and a bear all squeeze into a lost mitten until its owner comes back to reclaim it. John Perry did two things on his 75th birthday. First he visited his wife's grave. Then he joined the army. The good news is that humanity finally made it into interstellar space. The bad news is that planets fit to live on are scarce—and alien races willing to fight us for them are common. So: we fight. To defend Earth, and to stake our own claim to planetary real estate. Far from Earth, the war

has been going on for decades: brutal, bloody, unyielding. Earth itself is a backwater. The bulk of humanity's resources are in the hands of the Colonial Defense Force. Everybody knows that when you reach retirement age, you can join the CDF. They don't want young people; they want people who carry the knowledge and skills of decades of living. You'll be taken off Earth and never allowed to return. You'll serve two years at the front. And if you survive, you'll be given a generous homestead stake of your own, on one of our hard-won colony planets. John Perry is taking that deal. He has only the vaguest idea what to expect. Because the

actual fight, light-years from home, is far, far harder than he can imagine—and what he will become is far stranger. "Solid . . . [Scalzi] sidesteps most of the clichés of military science fiction, delivers fast-paced scenes of combat and pays attention to the science underpinning his premise." —San Francisco Chronicle "Scalzi's imagined interstellar arena is coherently and compellingly delineated . . . His speculative elements are top-notch. His combat scenes are blood-roiling. His dialogue is suitably snappy and profane. And the moral and philosophical issues he raises . . . insert useful ethical burrs under the military saddle of the

story." —Paul Di Filippo, The Washington Post "Thought-provoking!" —Entertainment Weekly "Smartly conceived and thoroughly entertaining, Old Man's War is a splendid novel." —Cleveland Plain Dealer "When humanity reaches the stars, it discovers that it must defend its claim to new planets against alien races with similar expansionist tendencies. To ensure the expertise of its soldiers, Earth creates the Colonial Defense Force, an army of men and women otherwise classified as senior citizens, who give up their lives on Earth for an uncertain and perilous future among the stars. Scalzi's first novel presents a new approach to

military sf, boasting an unusual cast of senior citizens as heroes. A good choice for most libraries." —Library Journal "Though a lot of SF writers are more or less efficiently continuing the tradition of Robert A. Heinlein, Scalzi's astonishingly proficient first novel reads like an original work by the late grand master . . . This virtuoso debut pays tribute to SF's past while showing that well-worn tropes still can have real zip when they're approached with ingenuity." —Publishers Weekly (starred review) "Gripping and surpassingly original. It's Starship Troopers without the lectures. It's The Forever War with better sex. It's funny, it's

sad, and it's true." —Cory Doctorow "John Scalzi is a fresh and appealing new voice, and *Old Man's War* is classic SF seen from a modern perspective—a fast-paced tour of a daunting, hostile universe." —Robert Charles Wilson "I enjoyed *Old Man's War* immensely. A space war story with fast action, vivid characters, moral complexity and cool speculative physics, set in a future you almost want to live into, and a universe you sincerely hope you don't live in already." —Ken MacLeod DigiCat Publishing presents to you this special edition of "Japanese Fairy Tales" by Yei Theodora Ozaki. But just as death is inseparable from life, his wife seems still to be with him. Her memory and words permeate his days. It is a tale of a lifelong love that ultimately transcends death. - taken from book flap. A newly translated collection of fiction by the influential Italian modernist, continuing on his landmark work *Zeno's Conscience*. *A Very Old Man* collects five linked stories, parts of an unfinished novel that the great Triestine Italo Svevo wrote at the end of his

life, after the international success of *Zeno's Conscience* in 1923. Here Svevo revisits with new vigor and agility themes that fascinated him from the start—aging, deceit, and self-deception, as well as the fragility, fecklessness, and plain foolishness of the bourgeois paterfamilias—even as memories of the recent, terrible slaughter of World War I and the contemporary rise of Italian fascism also cast a shadow over the book's pages. It opens with "The Contract," in which Zeno's manager, the hardheaded young Olivi, expresses, like the war veterans who were Mussolini's early followers, a sense of entitlement born of fighting in

the trenches. Zeno, by contrast, embodies the confusion and paralysis of the more decorous, although sleepy, way of life associated with the onetime Austro-Hungarian Empire which for so long ruled over Trieste but has now been swept away. As always, Svevo is attracted to the theme of how people fail to fit in. It is they, he suggests, who offer a recognizably human countenance in a world ravaged by the ambitions and fantasies of its true believers. Retired from his fighting days, John Perry is now village ombudsman for a human colony on distant Huckleberry. With his wife, former Special Forces warrior Jane Sagan, he

farms several acres, adjudicates local disputes, and enjoys watching his adopted daughter grow up. That is, until his and Jane's past reaches out to bring them back into the game--as leaders of a new human colony, to be peopled by settlers from all the major human worlds, for a deep political purpose that will put Perry and Sagan back in the thick of interstellar politics, betrayal, and war. who they really are, and how we come to understand ourselves through them. How do you tell your part in the biggest tale in history? I ask because it's what I have to do. I'm Zoe Boutin Perry: A colonist stranded on a deadly pioneer world. Holy icon to a race of aliens. A player (and a pawn) in a interstellar chess match to save humanity, or to see it fall. Witness to history. Friend. Daughter. Human. Seventeen years old. Everyone on Earth knows the tale I am part of. But you don't know my tale: How I did what I did — how I did what I had to do — not just to stay alive but to keep you alive, too. All of you. I'm going to tell it to you now,

the only way I know how: not straight but true, the whole thing, to try make you feel what I felt: the joy and terror and uncertainty, panic and wonder, despair and hope. Everything that happened, bringing us to Earth, and Earth out of its captivity. All through my eyes. It's a story you know. But you don't know it all. (forthcoming) At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Known as 'Old Man' in this book, but often called 'Big Bill Neidjie' throughout his life because of his imposing height and strength, Bill Neidjie wanted to record aspects of his life for a younger generation of Gagadju, to help them look after their country and remember its stories -- and for balanda, non-Aboriginal people. Told in the old mans words, this beautifully nuanced, impressionistic account allows Neidjie to gently emphasise the issues of importance to him. Old mans story has a very

personal inflection with Neidjies words complemented by Langs beautiful landscape photos. Structured in the cycle of the seasons, Old mans story provides readers with insights into the annual trans-formation of landscape that are so integral to Neidjies life story. Old Mans Story contains many tales of growing up on country. Neidjie always emphasised his passion for the land and the significance of traditional practices, hoping that culture would flourish and be passed on. The book is a powerful contribution to the history of northern Australia told by an iconic figure. Bill Neidjie is perhaps best known for being central to the opening up of his

land which led to the creation of the world-heritage listed Kakadu National Park and for recommending it be leased to the Commonwealth Government for it to be managed as a resource for all Australians. Includes tales about many aspects of Aboriginal life and culture. Recognising that he was the last remaining speaker of Gaagudju language, Neidjie broke with tradition and committed his knowledge to print. This is his third book. His key message in this book -- one for all Australians -- not just Aboriginal people, is: "You look after country ... Country he look after you." In a universe of harsh interstellar conflict, the

practice of interspecies diplomacy—when possible—is important. So being a Colonial Union officer attached to an interplanetary diplomatic mission sometimes means taking a fall. Literally. John Scalzi's *Old Man's War* was one of the most popular SF debut novels of the last decade; its sequels are *The Ghost Brigades*, *The Last Colony*, and *Zoe's Tale*. Other novels include *The Android's Dream* and *Agent to the Stars*. His collection of material from his weblog *The Whatever, Your Hate Mail Will Be Graded*, won the Hugo Award in 2009. He won the John W. Campbell Award for Best New Writer in 2006, and was elected

President of the Science Fiction Writers of America in 2010. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road* comes a "profoundly disturbing and gorgeously rendered" novel (*The Washington Post*) that returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of

dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. No Country for Old Men is a triumph. Look for Cormac McCarthy's latest

bestselling novels, *The Passenger* and *Stella Maris*. Hard-core science fiction at its very best, the sequel to his extraordinary *Old Man's War*. They are the special wing of the Colonial Defence Forces, elite troops created from DNA of the dead and turned into the perfect soldiers for the CDF's toughest operations. The universe is a dangerous place for humanity, as three hostile races combine to halt our further expansion into space. Their linchpin is a turncoat scientist, Charles Boutin, who unfortunately knows the CDF's biggest military secrets. And to prevail against this alliance, they must find out why Boutin did what he did. Jared Dirac is

the only human able to provide answers, being a superhuman hybrid created from Boutin's own DNA. Jared's brain should therefore be able to access Boutin's electronic memories ... but when that appears to fail, Jared is instead passed on to the Ghost Brigades. Then, just as time is running out, Boutin's memories slowly begin to surface within him ... but all this while the enemy is planning something much worse for mankind than just military defeat. Award-winner John Scalzi, a wild-and-woolly caper novel of interstellar diplomacy A human diplomat creates an interstellar incident when he kills an alien diplomat in a most . . . unusual . . . way. To avoid war, Earth's government must find an equally unusual object: a type of sheep ("The Android's Dream"), used in the alien race's coronation ceremony. To find the sheep, the government turns to Harry Creek, ex-cop, war hero and hacker extraordinaire, who, with the help of a childhood friend turned artificial intelligence, scours the earth looking for the rare creature. But there are others with plans for the sheep as well. Mercenaries employed

by the military. Adherents of a secret religion based on the writings of a 21st century SF author. And alien races, eager to start a revolution on their home world and a war on Earth. To keep our planet from being enslaved, Harry will have to pull off a grand diplomatic coup, a gambit that will take him from the halls of power to the lava-strewn battlefields of alien worlds. There's only one chance to get it right, to save the life of the sheep—and to protect the future of humanity. Animated Illustrations: Tania Mazza . Published as a signed limited edition chapbook. As she goes about

her work with the villagers, slum dwellers and the common men and women of India, Sudha Murty—writer, social worker and teacher—listens to them and records what they have to say. Their accounts of the struggles and hardships which they have at times overcome, and at other times been overwhelmed by, are put together in this book. There are stories about people's generosity—and selfishness—in times of natural disasters like the tsunami; women struggling to speak out in a world that refuses to listen to them; and tales of young professionals trying to find their feet as they climb up the corporate ladder. Told simply and directly from

the heart, *The Old Man and His God* is a collection of snapshots of the varied facets of human nature and a mirror to the souls of the people of India. Describes the experiences of a newcomer to the Yukon when he attempts to hike through the snow to reach a mining claim. Journalist Robert Ruark tells of the friendship between a young boy and his grandfather as they hunt and fish in North Carolina. Hugo-award winning author, John Scalzi returns to his best-selling *Old Man's War* universe with *The End of All Things*, the direct sequel to 2013's *The Human Division*. Humans expanded into space...only to find a universe populated with multiple alien species bent on

their destruction. Thus was the Colonial Union formed, to help protect us from a hostile universe. The Colonial Union used the Earth and its excess population for colonists and soldiers. It was a good arrangement...for the Colonial Union. Then the Earth said: no more. Now the Colonial Union is living on borrowed time—a couple of decades at most, before the ranks of the Colonial Defense Forces are depleted and the struggling human colonies are vulnerable to the alien species who have been waiting for the first sign of weakness, to drive humanity to ruin. And there's another problem: A group, lurking in the darkness of space, playing

human and alien against each other-and against their own kind -for their own unknown reasons. In this collapsing universe, CDF Lieutenant Harry Wilson and the Colonial Union diplomats he works with race against the clock to discover who is behind attacks on the Union and on alien races, to seek peace with a suspicious, angry Earth, and keep humanity's union intact...or else risk oblivion, and extinction-and the end of all things. Strange, wondrous things happen in these two short stories, which are both the perfect introduction to Gabriel García Márquez, and a wonderful read for anyone who loves the magic and marvels of his novels. After days of rain, a couple find an old man with huge wings in their courtyard in 'A Very Old Man with Enormous Wings' - but is he an angel?

Accompanying 'A Very Old Man with Enormous Wings' is the short story 'The Sea of Lost Time', in which a seaside town is brought back to life by a curious smell of roses. "Andy Weinberger has done something extraordinary with his first novel: he's written a truly great detective novel that is fresh and original, but already feels like it's a classic. In the tradition of Walter Mosley, Raymond Chandler, and Sue Grafton, semi-retired private eye Amos Parisman roams LA's seedy and not-so-seedy neighborhoods in pursuit of justice. I don't want another Amos Parisman novel—I want a dozen more!" — Amy Stewart When a controversial celebrity

rabbi drops dead over his matzoh ball soup at the famed Canter's Deli in Los Angeles, retired private eye Amos Parisman—a sixtyish, no-nonsense Jewish detective who lives with his addled wife in Park La Brea—is hired by the temple's board to make sure everything is kosher. As he looks into what seems to be a simple, tragic accident, the ante is raised when more people start to die or disappear, and Amos uncovers a world of treachery and hurt that shakes a large L.A. Jewish community to its core. Roger Angell, the acclaimed New Yorker writer and editor, steps up with a selection of writings that celebrate a view from the

tenth decade of an engaged, vibrant life. Whether it's a Fourth of July in rural Maine, the opening game of the 2015 World Series, editorial exchanges with John Updike, a letter to a son, or his award-winning essay on aging, "This Old Man," what links the pieces is Angell's unique perceptions and humor, his utter absence of self-pity, and his appreciation of friends and colleagues encountered over a fruitful career unlike any other. An old man is very careful with his money and does not let anyone near it. A clever thief waits patiently until he earns the trust of the old man before attempting to take his savings. Following the events of The

Last Colony, John Scalzi tells the story of the fight to maintain the unity of the human race. The people of Earth now know that the human Colonial Union has kept them ignorant of the dangerous universe around them. For generations the CU had defended humanity against hostile aliens, deliberately keeping Earth an ignorant backwater and a source of military recruits. Now the CU's secrets are known to all. Other alien races have come on the scene and formed a new alliance—an alliance against the Colonial Union. And they've invited the people of Earth to join them. For a shaken and betrayed Earth, the choice isn't

obvious or easy. Against such possibilities, managing the survival of the Colonial Union won't be easy, either. It will take diplomatic finesse, political cunning...and a brilliant "B Team," centered on the resourceful Lieutenant Harry Wilson, that can be deployed to deal with the unpredictable and unexpected things the universe throws at you when you're struggling to preserve the unity of the human race. Being published online from January to April 2013 as a three-month digital serial, *The Human Division* will appear as a full-length novel of the Old Man's War universe, plus—for the first time in print—the first tale of

Lieutenant Harry Wilson, and a coda that wasn't part of the digital serialization. "The Old Man and The Tree" is the tale of two unlikely friends: a young man named Fred and a growing

maple tree. When Fred purchases a home with a fledgling tree in his backyard, all he wants is some shade, but what develops is a bond between man and nature and true friendship. Trickster and transformer, powerful and vulnerable, Coyote is a complex figure in Indian legend. He was often the ultimate example of how not to be: foolish, proud, self-important. The tales in *Old Man Coyote* were told by the Crow Indians of present-day southeastern Montana. During long winter evenings by the lodge fire, they enjoyed hearing about the only warrior ever to visit the Bird Country, the Little-people who adopted a lost boy, the two-faced tribe

that gambled for keeps, the marriage of Worm-face, and the origin of the buffalo. Wandering through these well-spun tales is the irrepressible Old Man Coyote, sometimes scoring a coup, sometimes getting his comeuppance. Ohio-born Frank B. Linderman (1869-1938) spent his adult life in Montana, first as a trapper, then as a publisher, politician, and businessman. Fred W. Voget is an adjunct professor of anthropology at Portland State University and the author of The Shoshoni-Crow Sun Dance. "Exquisitely detailed ink and watercolor illustrations embellish every page . . . An excellent curriculum supplement, this will enchant

and inspire aspiring artists and transport even casual browsers to 19th-century Japan." A young man recalls fond memories of his grandfather and the wilderness lessons he taught which serve to guide him when he leaves North Carolina to roam the world beyond.
