Buell Motorcycles 1985-2009 Oct 27 2020 The first Buell motorcycle, the RW750, was built in 1985 purely for competing in the AMA Formula 1 motorcycle road racing championship. Buell later turned his focus towards racing-inspired, street-going machines using engines manufactured by Harley who, in 1998, purchased majority control of Buell and has been a subsidiary since that time. Buell engines - which are modified Harley Davidson Sportster engines - are designed to be street-friendly both in fuel efficiency and power. They are also simple and easy to maintain. Erik Buell brought flair and innovation to both his racing and street going machines.

***The Harley-Davidson Story* Jul 29 2023** The Harley-Davidson Story: Tales from the Archives is a fascinating, visually driven overview of the motor company's rich story, created in cooperation with the Harley-Davidson Museum. The story of Harley-Davidson is a classic American tale of spirit, invention, and the right idea at the right time. From its beginning in a small Milwaukee shed in 1903, William Harley and his cousins, the Davidson brothers, set in motion what would eventually become the world's most iconic motorcycle company. While other motorcycle companies rose and fell through the teens and 1920s, Harley went from strength to strength, whether introducing its first V-twin motor or dominating race tracks across America. The Milwaukee Miracle even prospered during WWII, building war bikes for the armed forces. By the 1950s, they'd buried their last American-built competitor, Indian, and gained a hold over the US market that they maintain to this day. A remarkable story deserves a remarkable space to recount it. Such is the Harley-Davidson Museum in Milwaukee, which opened in 2009. Harley-Davidson partnered with Motorbooks to create this book relaying Harley-Davidson's story, as told through the museum's displays and archive assets.

***Harley-Davidson Marketing Strategy in the US and China* Jul 25 2020** Seminar paper from the year 2021 in the subject Business economics - Offline Marketing and Online Marketing, grade: 1.3, University of Warwick (Business School (WBS)), course: Marketing in an International Environment, language: English, abstract: Founded in 1903 in Milwaukee, Wisconsin, Harley Davidson has grown into an international company, with over 1,400 independent dealers in more than 100 countries. The motorcycles are renowned as the ultimate biker status symbol. Harley doesn't just sell motorcycles, but also the experience and the idea of freedom and passion. Although the Asia-Pacific region was a key market between 2012 and 2017, the company saw a decline in motorcycle sales in 2018-2019, particularly in Canada. The assignment focuses on Harley-Davidson's marketing strategies in the US and China. In China, Harley faces challenges such as government restrictions and a market dominated by domestic brands. Nevertheless, demand is rising in urban areas. In the US, the company struggles to engage a younger audience. The marketing strategies in the US and China differ in some aspects, though both markets pursue a premium price approach. In the US, Harley positions itself as a unique product, whereas in China, the luxury aspect takes precedence. Recommendations include adjustments in marketing to better address both the Chinese and American markets, such as developing smaller motorcycles for younger buyers.

***Harley-Davidson and Philosophy* Dec 30 2020** It's no wonder descriptions of riding often resemble the words of Asian mystics and Jedi knights: The ride causes your senses to open completely. You experience only the present, the now. Readers who prefer revving a Harley to meditating in a Zen garden know that biking is just as contemplative as chanting in the lotus position. Here, philosopher-bikers explore this seeming dichotomy, expounding on intriguing questions such as: Why are the motorcycles the real stars of Easy Rider? What would Marx and Foucault say about Harley riders' tight leather garb? What's it like to live a dual life as a philosophy professor who wrenches his own 1965 Electra Glide? Would Jesus hang out in a biker bar or a coffeehouse? And more importantly, would He ride a Harley or a Honda? These witty, provocative essays give readers and riders a new appreciation of what it means to become one with the road.
