Cutting Hill May 18 2022 This is the true story of how you get your milk. And because this is the story of a family dairy farm in Vermont it is also the true story of how you get delicious, Grade A maple syrup. Author Alan Pistorius embedded with the Treadway family for a year, recording four seasons of milking, fixing, plowing and syrup making. Pistorius' careful observations make for a powerful meditation on farming, business and family.

Grasslands Nov 23 2022 This book looks at significant current grassland problems and issues, and provides an insight into grassland productivity in diverse areas of the world, with their various production systems. There is a focus on recent technical advances and the prospects for further innovation, through twenty-one chapters by eminent grassland scientists, grouped into seven sections - forage germplasm; forage conservation; grass-based systems and organic production; climate change, biodiversity and biotechnology; geographical information systems; farmer and pastoralist participation; and regional developments. The book is timely in view of the expanding human and livestock populations, especially in arid and semi-arid environments, with the consequent pressure on the world's grasslands.

The New Zealand Journal of Agriculture Nov 11 2021

T-Bone Jun 06 2021 Tim Brewin was born at Lethbridge in 1940, the youngest of 6 brothers and 3 sisters. He grew up on the family farm at Purple Springs, Alberta. He received his schooling at Hudson, Deer Park and Grassy Lakes Schools. He went to College at Olds,

Alberta. Because the Second World War broke out in 1940 it greatly influenced his early years. His mother was the core member of his family, raising 10 kids in very trying times. The Brewin farm developed and expanded because of the hard work of the whole family. After Tim's marriage in 1960 Tim and his wife Marj developed their own farm and raised 4 children. At age 50 Tim moved to Penticton B.C. And managed the Bob tail Ranch. In 1994 he moved To the Cariboo-Chilcotion and went on to manage 3 ranches west of Williams Lake, where he expanded the cattle herd and irrigation to facilitate 1800 head of cattle, he installed 13 Pivot irrigation systems and constructed the Brewin Dam. Tim was proud of his family and of the years he spent as a 4-H leader, basketball coach an coaching hockey also on cattle. This book is a summary of his life and appreciation of all who worked along side him on the various ranches and of his encounters his encounters with bears, cougars am wolves.

The New Horse-Powered Farm Dec 01 2020

The New Horse-Powered Farm is the first book of its kind, offering wisdom and techniques for using horse power on the small farm or homestead. It sets the stage for incorporating draft power on the farm by presenting necessary information for experienced and novice teamsters alike, including getting started with workhorses; the merits of different draft breeds; various training systems for the horse and teamster; haying with horses, seeding crops, and raising small grains; in-depth coverage of tools and systems; and managing a woodlot, farm economics, education, agritourism, and more. It's a must-have resource for any farmer, homesteader, or teamster seeking to work with draft power in a closed-loop farming system.

The Farm Quarterly Dec 25 2022

Blessed Mar 28 2023 These memoirs are a history of pioneering siblings orphaned by a murder/suicide who settled virgin prairie to build an international cattle empire only to lose it in the Great Depression. It is also a story of courage, faith, determination and family values as one family struggles to keep their home and the land they tamed. It is not heroic, it is every day life. It is about a family struggling with the realities of life while dreaming of a better future. Rich only in the blessings of life in America, solid values and devoted family they had all the things that money couldn't buy and through it all, one man who was "so damn grateful". Written from the perspective of an Iowa farmer who was born and lived on the same land for 92 years, this is a history tempered by 368 change of seasons, World Wars, a Great Depression and technology advances that have rocked the very foundations of our world. But most of all, 92 years of working with and sometimes battling Mother Nature tempered by family, friends and God. That makes this not so much a history of a family as a way of life.

Master Farmer Jun 18 2022 The story of postwar Greece holds invaluable lessons for many developing countries today. In 1947 Greece had just emerged from a decade of war and strife; its villagers were demoralized and fleeing rural life for the cities; and its farms were unable to produce adequate crops to feed its people. In less than forty years Greece has become a major ex
