**Joe Simon Jun 03 2021 Discusses the life of Joe Simon and what inspired him to come up with the characters he writes and draws about.**

**Simon & Garfunkel Dec 30 2020 SIMON & GARFUNKEL is a definitive account of Paul Simon and Art Garfunkel's career together. With unique material and exclusive interviews with fellow musicians, promoters and friends, acclaimed author Spencer Leigh has written a compelling biography of some of the world's biggest musical stars. With remarkable stories about the duo on every page, the book not only charts their rise to success and the years of their fame, but analyses the personalities of the two men and the ups and downs of their often fraught relationship.**

**Simon Cameron, Lincoln's Secretary of War Nov 08 2021**

**Titans of History Sep 06 2021 In this inspiring, horrifying, and accessible collection of short, entertaining, and vivid life stories, Simon Sebag Montefiore—one of our pre-eminent historians and a prizewinning writer—presents the giant characters who have changed the course of world history. These titans of history—encompassing queens, empresses, and actresses, kings, sultans, and conquerors, as well as prophets, artists, courtesans, psychopaths, and explorers—lived lives of astonishing drama, courage and adventure, debauchery and slaughter, virtue and crime. The subjects range widely throughout time and geography from Buddha and Genghis Khan to Nero and Churchill; from Catherine the Great and Anne Frank to Toussaint l'Ouverture and Martin Luther King; from Mozart to Mao; from Jesus Christ and Shakespeare to Einstein and Elvis. Through these lives, Montefiore recounts the most momentous world events—from ancient times to the Crusades, the Holocaust, and the Gulf Wars. These are the historical figures that everyone should know and the stories we should never forget.**

**Simon Cowell Sep 26 2020 Famed for his unflinching honesty and shocking insults, Simon Cowell is no stranger to controversy. But what do we really know about the man himself? In this, the first biography of the entertainment mogul, Chas Newkey-Burden reveals the man behind the music. After an inauspicious start, leaving school at sixteen and getting a job in the mail room at EMI, Cowell worked his way up to become a top A&R executive and then experienced a meteoric rise to fame as a judge on the TV talent shows Pop Idol and American Idol. Having already made his mark on the music world by signing such huge acts as Westlife, he then went on to create The X Factor and Britain's Got Talent, reaching audiences in their tens of millions. Love or hate him, Cowell's candour, charisma and charm, coupled with his extraordinary business acumen, have made him a household name. Featuring original interviews with those who know him, here we discover the black-and-white truth behind the trademark black clothing and the Hollywood-white smile.**

**Neil Simon's Memoirs Mar 25 2023 "Now, for the first time ever, Simon's complete life story is collected in one volume with a new introduction and afterword"--Jacket.**

**Simon Girty Turncoat Hero Jul 25 2020 Simon Girty Turncoat Hero: The Most Hated Man on the Early American Frontier by Phillip W. Hoffman The subject of this panoramic biography is one of the most mysterious, misunderstood icons of**

early American history. Simon Girty was a sharp-witted, rascally, many-tongued frontiersman whose epic adventures span the French and Indian War, Dunmore's War, the American War for Independence, the Indian Wars, and the War of 1812. After defecting from the Patriot cause to serve the British in March 1778, Girty achieved instant infamy. To understand his motivation one must discover, as he did, that the real, underlying cause of the American Revolution was the unquenchable thirst for Indian land of many of our so-called founding fathers - including George Washington - and their unrelenting dissatisfaction with the restrictions imposed upon their land speculation ambitions by the King's Proclamation of 1763. Like a detective doggedly combing through old evidence, author Phillip Hoffman spent seventeen years studying every detail of Girty's life. By exploring microfilm, ledgers, military records, congressional records, newspaper and magazine articles, and dozens of early American and Canadian fiction and non-fiction works, Hoffman was able to peel away the mythic legend that has hidden Girty's real persona for two and a half centuries. Little in Simon Girty's life was conventional or predictable. Raised by an Irish Indian trader who had settled near Harrisburg, Pennsylvania, Simon's earliest experiences quickly isolate him from the majority of the colonists in the region. During the French and Indian War, Simon and his family are captured by hostile Indian warriors, and Simon is carried north and adopted, emerging eight years later as a gifted linguist and a trained interpreter fluent in eleven native languages. Girty begins his career as a spy-interpreter-intermediary, serving both English and Native American leaders. Girty's contacts include the great Seneca sachem Guyasuta, Sir William Johnson, merchant George Morgan, businessman John Connolly, William Crawford, Matthew Elliott, Lord Dunmore, Simon Kenton, and George Rogers Clark. He also interacted with Mingo chief John Logan, Mohawk chief Joseph Brant, Half King of the Wyandots, Captain Pipe of the Delawares, Moravian missionaries David Zeisberger and John Heckewelder, Shawnee chiefs Blue Jacket and Tecumseh, Miami war chief Little Turtle, Detroit Governor Henry Hamilton, U.S. general Anthony Wayne, and Daniel Boone. Through Girty's eyes we relive the ill-fated Squaw Campaign, his rescue of Simon Kenton, the deadly ambush of Rogers' Flotilla, the Battle of Sandusky, William Crawford's trial and death by fire, the conquest of Martin's and Ruddle's Stations, the disastrous American defeat at Blue Licks, and the incredible victories over Harmar and St. Clair by a confederation of Western and Northern Tribes. Finally, with Girty and his companions Alex McKee and Matthew Elliott, we witness the climactic defeat of the Indians by "Mad" Anthony Wayne at Fallen Timbers. Hoffman's dedication to detail, combined with his superb talent as a storyteller, brings us an intimate view of the full sweep of early American frontier conflicts, as experienced by a devoted adventurer whose heart was as much Indian as it was white. The author's erudite, yet accessible style makes this book a pleasure to read and savor. Simon Girty Turncoat Hero is American history at its best.

The Biography of Alice B. Toklas Jun 15 2022 "It's fitting that Alice B. Toklas, 'wife' and literary impresario of Gertrude Stein, should be the subject of a biography . . . and this is a good one, sensitive and lively. . . it's clear from this portrait that through her possessive affection she not only had a dominant influence on Stein's life but (for good or ill) on her highly idiosyncratic prose. With her acid tongue, shrewd judgment, vitality, and intense loyalty she was a fairly remarkable person in her-self."--Publishers Weekly. "Linda Simon writes

beautifully of Alice's early years in California, of her Polish-Jewish family, of her growing alienation from her surroundings and gravitation toward artists, of her awareness of the isolating burden homosexuality would force on her. . . . entertaining, thoroughly researched. and well-written. . . .with a clear gaze fixed on undistorted truth."--Saturday Review. "A study that shows Toklas as she must have been, not 'Miss Stein's obedient shadow,' . . . but a multifaceted and complex creature with her own tastes and standards. . . . [her story] is an emotionally stirring experience."--Washington Post Book World. Linda Simon, in her preface to this Bison Book edition, calls Alice B. Toklas "a woman who, through a mixture of determination and good luck, invented a new narrative for her life" at a time when options for women were few. Simon is the author of Thornton Wilder: His World (1979), Good Writing (1988), and other books. She is now working on a biography of William James.

**Simon Dec 10 2021**

**Jerusalem Aug 18 2022** The epic history of three thousand years of faith, fanaticism, bloodshed, and coexistence, from King David to the 21st century, from the birth of Judaism, Christianity, and Islam to the Israel-Palestine conflict, from the bestselling author of The Romanovs • "Impossible to put down.... Vastly enjoyable." —The New York Times Book Review How did this small, remote town become the Holy City, the "center of the world" and now the key to peace in the Middle East? In a gripping narrative, Simon Sebag Montefiore reveals this ever-changing city in its many incarnations, bringing every epoch and character blazingly to life. Jerusalem's biography is told through the wars, love affairs, and revelations of the men and women who created, destroyed, chronicled and believed in Jerusalem. As well as the many ordinary Jerusalemites who have left their mark on the city, its cast varies from Solomon, Saladin and Suleiman the Magnificent to Cleopatra, Caligula and Churchill; from Abraham to Jesus and Muhammad; from the ancient world of Jezebel, Nebuchadnezzar, Herod and Nero to the modern times of the Kaiser, Disraeli, Mark Twain, Lincoln, Rasputin, Lawrence of Arabia and Moshe Dayan. In this masterful narrative, Simon Sebag Montefiore brings the holy city to life and draws on the latest scholarship, his own family history, and a lifetime of study to show that the story of Jerusalem is truly the story of the world.

**Joe Simon: My Life in Comics Apr 25 2023** "Gripping from the first page... If you love comic books, history, or just love a story of a real self-made man, you must read this book." - Shadowlocked "A true visionary, Simon's book is laced with never-before-seen photos and illustrations, and told in his own words. If you're at all curious about the history of comics and one of its earliest visionaries, My Life in Comics is a must-read." - IGN "... a lovely memoir, often funny, sometimes thought-provoking, and never ostentatious. It's a true pleasure to read." - Graphic Novel Reporter "... essential reading for any fan of comic book history and storytelling." - ComicBook.com -- In his own words, this is the life of Joe Simon, one of the most important figures in comics history, and half of the famous creative team Simon and Kirby. Joe Simon co-created Captain America, and was the first editor in chief of Marvel Comics (where he hired Stan Lee for his first job in comics). Simon began his prolific career in the Great Depression, and this book recounts his journey to New York City, his first comic book work, his meeting with Jack Kirby, and the role comics played in wartime America. He remembers the near-death of the comics, and the scramble to survive. And he reveals what it was like to bring comics out of their infancy, as they became an

American art form.

*Simon Bolivar* Aug 06 2021

**Herbert A. Simon** Jan 23 2023 In this informed and discerning study, Crowther-Heyck explores Simon's contributions to science and their influences on modern life and thought. For historians of science, social science, technology, and twentieth-century American intellectual and cultural history, this account of Herbert Simon's life and work provides a rich and valuable perspective. Rarely does the world see as versatile a figure as Herbert Simon. He was a Nobel laureate in economics; an accomplished political scientist; winner of a lifetime achievement award from the American Psychological Association; and founder of the department of computer science at Carnegie Mellon University. In all his work in all these fields, he pursued a single goal - to create a science that could map the bounds of human reason and so enlarge its role in human affairs. Hunter Crowther-Heyck uses the career of this unique individual to examine the evolution of the social sciences after World War II, particularly Simon's creation of a new field, systems science, which joined together two distinct, powerful approaches to human behavior, the sciences of choice and control. Simon sought to develop methods by which human behavior: specifically human problem-solving, could be modeled and simulated. Regarding mind and machine as synonymous, Simon applied his models of human behavior to many other areas, from public administration and business management to artificial intelligence and the design of complex social and technical systems. In this informed and discerning study, Crowther-Heyck explores Simon's contributions to science and their influences on modern life and thought.

**Simon Wolf** May 03 2021 A detailed biography of the powerful political attorney Simon Wolf (1836-1923), who exerted unparalleled influence over American presidents and other leaders and numerous constituencies. This study reveals why his many achievements brought him no lasting fame.

**Run Run Run** Nov 28 2020 Intertwining the details of Abbie Hoffman's intense personal life with the movement politics of the sixties, seventies, and eighties, Dan Simon writes Abbie's story from the point of view of his younger brother Jack, creating a full and poignant portrait of one of the geniuses of the 1960s counterculture. From the creation of the Yippies! in 1967 and the tumult of the 1968 Democratic National Convention protests, to the humor and agony of the Chicago conspiracy trial, the scandal of Abbie's 1973 cocaine bust, and his six and a half years as a fugitive, to his reemergence as environmentalist 'Barrie Freed' and his final struggle with manic-depressive illness, this biography offers a compelling examination of the contradictions that make Abbie Hoffman such a compelling figure. With the information and affection only a brother could bring to the complexities of Abbie's life, Hoffman and Simon portray Abbie's public persona alongside his private aspirations and fears, romances, and enduring family relationships.

**Simon and Garfunkel** Aug 25 2020

**Catherine the Great** Nov 20 2022 Neither a comprehensive 'life and times' nor a conventional biography, this is an engaging and accessible exploration of rulership and monarchical authority in eighteenth century Russia. Its purpose is to see how Catherine II of Russia conceived of her power and how it was represented to her subjects. Simon Dixon asks essential questions about Catherin'es life and reign, and offers new and stimulating arguments about the Enlightenment, the power of the monarch in early modern Europe, and the

**much-debated role of the "great individual" in history.**

***Sweet Revenge* Jul 05 2021** For this definitive biography, acclaimed journalist and bestselling author Tom Bower was granted unprecedented access to Simon Cowell and those around him—and the result is a fascinating multilayered portrait of one of the world's most intriguing television personalities ever to dominate the music industry. Simon Cowell has made an international name for himself as the no-holds-barred judge on the television phenomenon American Idol. He's been called mean, arrogant, brash, and unapologetic, but his stinging barbs and smug personality have also earned him cheers from fans, as well as millions of dollars, a string of exotic beauties, and industry clout to develop his own projects. But Cowell's true reward is revenge. *Sweet Revenge* is the ultimate insider's account of Simon Cowell's rise to fame—even as others plotted his downfall—from his cheeky exploits as a British school lad to his failures as a frustrated young music exec in London to his explosive rivalry with Simon Fuller over the genesis of the Idol franchise to the PR disaster that nearly sunk his wildly successful show *The X Factor*. Conducting more than 150 interviews with industry power players, Cowell's inner circle, and Cowell himself on a private jet, chartered yacht, at his L.A. home, and on the studio lot, Tom Bower pulls back the curtain on a man who is at once insecure, ambitious, easily bored, vain, needy, and driven, a man who will go to any limit to secure his success. Cowell is also revealed as a loyal friend and loving son. His father, to whom Cowell was particularly close, became his most trusted adviser and mentor. Packed with juicy details, exclusive interviews, and never-before-revealed facts, *Sweet Revenge* presents a complete picture of Simon Cowell that few have ever seen.

***Mirror in the Sky* Oct 27 2020** "Diva, heroine, icon, and-to the most devoted-a goddess. Stevie Nicks sings of spell casters and dream smiths, stars of the silver screen, her grandmother Alice and Alice in Wonderland, Joan of Arc, the power of sibyls and sylphs. This book tells her story, from the bleached Arizona landscape of her childhood to the strobe-lit Night of a Thousand Stevies celebrations, highlighting throughout her strengths as singer, songwriter, and performer"--

***First Man* Feb 09 2022** In this graphic novel, Simon Schwartz weaves biography and fiction together to explore the life of Arctic adventurer Matthew Henson. Moving between different time periods and incorporating Inuit mythology, Schwartz offers a fresh perspective on the many challenges Henson confronted during his life. As a member of early missions to reach the North Pole, Henson braved subzero temperatures and shifting sea ice. As an African American at the turn of the twentieth century, he also faced harassment and prejudice. Henson won a place on Arctic expeditions through skill and determination—though he didn't receive the same credit as his teammates. He also won the respect of the native peoples he met during his journeys—though he couldn't prevent the harm that the expeditions caused them. More than a biography, *First Man: Reimagining Matthew Henson* is an artistic homage to Henson's accomplishments and the complicated realities of being a trailblazer in a society that didn't recognize black men as equals.

***More Room in a Broken Heart* Dec 22 2022** A love song to an American icon: the first full-length biography of Carly Simon, from an acclaimed music journalist who has known her for decades Carly Simon has won two Grammys and an Academy Award, and her albums have sold more than forty million copies. Her

music has touched countless lives since her debut in the 1970s, yet her own life story has remained unpublished—until now. Tapping private archives, family interviews, and a forty-year friendship with the legend herself, Stephen Davis at last captures Carly Simon's extraordinary journey from shy teenager to superstar. *More Room in a Broken Heart* candidly covers everything her fans want to know, including: Growing up with her father, publishing mogul Richard Simon The Bob Dylan turning point that launched her career The real story behind "You're So Vain" Carly's severe stage fright (she's the only musical guest to pretape an SNL segment) Romantic involvements with Mick Jagger, Warren Beatty, and Cat Stevens How Carly and James Taylor went from being pop music's reigning couple to independent souls living at opposite ends of Massachusetts Surviving breast cancer Her recent financial and spiritual crises Along the way, Davis vividly takes readers back to some of the most powerful eras in American music history and delivers a tribute worthy of the artist and her loyal fans, who know that nobody does it better than Carly Simon.

*Simon Kenton, His Life and Period, 1755-1836* Apr 01 2021

*Simon & Garfunkel* Jun 27 2023 Then came such classics as "Homeward Bound," "The Boxer," and "Bridge Over Troubled Waters." When Mike Nichols asked them to do the music for the film *The Graduate* they recorded "Mrs. Robinson," which won them the first of many Grammy Awards. Victoria Kingston follows the duo through their amicable breakup in 1970 and tracks the subsequent solo careers of each as they pursued their separate projects.

*Plato's Republic* Oct 20 2022 "A clear and accessible introduction to philosophy's first superstar" by the author of *On Truth and Think*, one of our great contemporary philosophers (Kirkus Reviews). Plato is perhaps the most significant philosopher who ever lived and *The Republic*, composed in Athens in about 375 BC, is widely regarded as his most famous dialogue. Its discussion of the perfect city—and the perfect mind—laid the foundations for Western culture and has been the cornerstone of Western philosophy. As the distinguished Cambridge professor Simon Blackburn points out, it has probably sustained more commentary, and been subject to more radical and impassioned disagreement, than almost any other text in the modern world. "A provocative companion to an essential text" (Publishers Weekly), *Plato's Republic* explores the judicial, moral, and political ideas in *The Republic* with dazzling insight. Blackburn also examines *The Republic's* influence and staying power, and shows why, from St. Augustine to twentieth-century philosophers such as Ludwig Wittgenstein, Western thought is still conditioned by this most important, and contemporary, of books. "Plato's Republic . . . which Blackburn rightly suggests is the first book to shake the world, is loaded with perennial questions that every generation must struggle with. How are we to live our lives? What is virtue and can it be taught? Are pleasure and good the same?"—The Independent "Philosopher Simon Blackburn has written a new book about *The Republic*, gently reminding those of us who have forgotten it why it remains so important. The book unquestionably belongs on anybody's list of Books That Changed the World."—NPR

*Homeward Bound* May 27 2023 "Recounts the life and achievements of the American music icon, detailing his youth as a grandchild of Jewish Hungarian immigrants, his celebrity relationships, and the definitive music that earned him fifteen Grammy Awards and two inductions into the Rock 'n' Roll Hall of Fame, "--NoveList.

**Young Stalin Oct 08 2021** From the New York Times bestselling author of *The Romanovs*—and one of our pre-eminent historians—comes “a meticulously researched, authoritative biography” (The New York Times), the companion volume to the prize-winning *Stalin*, and essential reading for anyone interested in Russian history. This revelatory account unveils how Stalin became Stalin, examining his shadowy journey from obscurity to power—from master historian Simon Sebag Montefiore. Based on ten years of research, *Young Stalin* is a brilliant prehistory of the USSR, a chronicle of the Revolution, and an intimate biography. Montefiore tells the story of a charismatic, darkly turbulent boy born into poverty, scarred by his upbringing but possessed of unusual talents. Admired as a romantic poet and trained as a priest, he found his true mission as a murderous revolutionary. Here is the dramatic story of his friendships and hatreds, his many love affairs, his complicated relationship with the Tsarist secret police, and how he became the merciless politician who shaped the Soviet Empire in his own brutal image.

**Simon Girty Mar 13 2022** During the American Revolution and the border conflicts that followed, Simon Girty’s name struck terror into the hearts of U.S. settlers in the Ohio Valley and the territory of Kentucky. Girty (1741-1818) had lived with the Natives most of his life. Scorned by his fellow white frontiersmen as an “Indian lover,” Girty became an Indian agent for the British. He accompanied Native raids against Americans, spied deep into enemy territory, and was influential in convincing the tribes to fight for the British. The Americans declared Girty an outlaw. In U.S. history books he is a villain even worse than Benedict Arnold. Yet in Canada, Girty is regarded as a Loyalist hero, and a historic plaque marks the site of his homestead on the Ontario side of the Detroit River. In Native history, Girty stands out as one of the few white men who championed their cause against American expansion. But was he truly the “White Savage” of legend, or a hero whose story was twisted by his foes?

**Models of My Life May 15 2022** In this candid and witty autobiography, Nobel laureate Herbert A. Simon looks at his distinguished and varied career, continually asking himself whether (and how) what he learned as a scientist helps to explain other aspects of his life. A brilliant polymath in an age of increasing specialization, Simon is one of those rare scholars whose work defines fields of inquiry. Crossing disciplinary lines in half a dozen fields, Simon's story encompasses an explosion in the information sciences, the transformation of psychology by the information-processing paradigm, and the use of computer simulation for modeling the behavior of highly complex systems. Simon's theory of bounded rationality led to a Nobel Prize in economics, and his work on building machines that think—based on the notion that human intelligence is the rule-governed manipulation of symbols—laid conceptual foundations for the new cognitive science. Subsequently, contrasting metaphors of the maze (Simon's view) and of the mind (neural nets) have dominated the artificial intelligence debate. There is also a warm account of his successful marriage and of an unconsummated love affair, letters to his children, columns, a short story, and political and personal intrigue in academe.

**Keith Haring Jan 11 2022** Keith Haring was a revolutionary artist, who transformed the art world during his short but impactful life. Brought to life by Simon Doonan, Creative Director for Barneys New York, this new pocket-sized biography tells his inspirational story. Revolutionary and renegade, Keith Haring was an artist for the people, creating an instantly recognisable repertoire of

symbols - barking dogs, space-ships, crawling babies, clambering faceless people - which became synonymous with the volatile culture of 1980s. Like a careening, preening pinball, Keith Haring playfully slammed into all aspects of this decade - hip-hop, new-wave, graffiti, funk, art, style, gay culture - and brought them together. Haring's fanatical drive propelled him into the orbit of the most interesting people of his time: Jean Michel Basquiat envied him; Warhol, William Burroughs and Grace Jones collaborated with him. Madonna and he shared the same tastes in men. Famous at 25, dead from AIDS at 31, Keith Haring is remembered as a Pied Piper, an unpretentious communicator who appeared happiest when mentoring a gang of kids, arming them with brushes and attacking the nearest wall. A series of brief biographies of the great artists, *Lives of the Artists* takes as its inspiration Giorgio Vasari's five-hundred-year-old masterwork, updating it with modern takes on the lives of key artists past and present. Focusing on the life of the artist rather than examining their work, each book also includes key images illustrating the artist's life. Hardbound, but pocket-sized, the books each sport a specially-commissioned portrait of their subject on the half-jacket.

**Paul Simon Sep 30 2023** Acclaimed music writer Robert Hilburn's "epic" and "definitive" (Rolling Stone) biography of music icon Paul Simon, written with Simon's full participation—but without his editorial control—that "reminds us how titanic this musician is" (The Washington Post). For more than fifty years, Paul Simon has spoken to us in songs about alienation, doubt, resilience, and empathy in ways that have established him as one of the most beloved artists in American pop music history. Songs like "The Sound of Silence," "Bridge Over Troubled Water," "Still Crazy After All These Years," and "Graceland" have moved beyond the sales charts and into our cultural consciousness. But Simon is a deeply private person who has said he will not write an autobiography or talk to biographers. Finally, however, he has opened up for Robert Hilburn—for more than one hundred hours of interviews—in this "brilliant and entertaining portrait of Simon that will likely be the definitive biography" (Publishers Weekly, starred review). Over the course of three years, Hilburn conducted in-depth interviews with scores of Paul Simon's friends, family, colleagues, and others—including ex-wives Carrie Fisher and Peggy Harper, who spoke for the first time—and even penetrated the inner circle of Simon's long-reclusive muse, Kathy Chitty. The result is a deeply human account of the challenges and sacrifices of a life in music at the highest level. In the process, Hilburn documents Simon's search for artistry and his constant struggle to protect that artistry against distractions—fame, marriage, divorce, drugs, record company interference, rejection, and insecurity—that have derailed so many great pop figures. "As engaging as a lively American tune" (People), Paul Simon is a "straight-shooting tour de force...that does thorough justice to this American prophet and pop star" (USA TODAY, four out of four stars). "Read it if you like Simon; read it if you want to discover how talent unfolds itself" (Stephen King).

**Paul Simon Sep 18 2022** This comprehensive bibliography serves as a major reference guide to the serious study of American singer and songwriter Paul Simon, well known for his work as part of the musical duo Simon and Garfunkel as well as for his successful solo career. Following a brief biography, the bibliography includes 660 citations and detailed publication information on over forty musical scores of his songs. The discography details information on Simon's thirty-one albums and sixty-four singles. This work provides complete

coverage of Paul Simon's career over the past thirty-five years from his late 1950's hit *Hey, Schoolgirl*, to his 1999 concert tour with Bob Dylan. Popular music scholars, along with Paul Simon fans, will appreciate this detailed source of available research materials on Paul Simon. With a focus on Simon's work as performer, composer, and sometime actor, this reference is intended as a scholarly guide for further research. Discographical information is organized in three sections: albums, singles, and covers. A general bibliography and a discography bibliography are followed by a composition list and index and a general index. Other chapters provide information on musical scores and electronic resources.

Owen Barfield, *Romanticism Come of Age* Jul 17 2022 'Barfield towers above us all... the wisest and best of my unofficial teachers.' - C.S. Lewis 'We are well supplied with interesting writers, but Owen Barfield is not content to be merely interesting. His ambition is to set us free from the prison we have made for ourselves by our ways of knowing, our limited and false habits of thought, our "common sense".' - Saul Bellow Owen Barfield - philosopher, author, poet and critic - was a founding member of the Inklings, the private Oxford society that included the leading literary figures C.S. Lewis, J.R.R. Tolkien and Charles Williams. C.S. Lewis, who was greatly affected by Barfield during their long friendship, wrote of their many heated debates: 'I think he changed me a good deal more than I him.' Simon Blaxland-de Lange's biography - the first on Owen Barfield to be published - was written with the active cooperation of Barfield himself who, before his death in 1997, gave numerous interviews to the author and shared a large quantity of his papers and manuscripts. The fruit of this collaboration is a book that penetrates deeply into the life and thought of one of the most important figures of the twentieth century. It studies the influences on Barfield by the Romantic poet Coleridge and the philosopher Rudolf Steiner (founder of anthroposophy), and elaborates on Barfield's profound personal connection with C.S. Lewis. The book also features a biographical sketch in his own words (based on personally conducted interviews), and describes Barfield's strong relationship with North America and his dual profession as a lawyer and writer. This updated edition features vital new material including Barfield's own 'Psychography' from 1948 and an illustrative plate section.

Paul Simon Nov 01 2023 Acclaimed music writer Robert Hilburn's "epic" and "definitive" (Rolling Stone) biography of music icon Paul Simon, written with Simon's full participation—but without his editorial control—that "reminds us how titanic this musician is" (The Washington Post). For more than fifty years, Paul Simon has spoken to us in songs about alienation, doubt, resilience, and empathy in ways that have established him as one of the most beloved artists in American pop music history. Songs like "The Sound of Silence," "Bridge Over Troubled Water," "Still Crazy After All These Years," and "Graceland" have moved beyond the sales charts and into our cultural consciousness. But Simon is a deeply private person who has said he will not write an autobiography or talk to biographers. Finally, however, he has opened up for Robert Hilburn—for more than one hundred hours of interviews—in this "brilliant and entertaining portrait of Simon that will likely be the definitive biography" (Publishers Weekly, starred review). Over the course of three years, Hilburn conducted in-depth interviews with scores of Paul Simon's friends, family, colleagues, and others—including ex-wives Carrie Fisher and Peggy Harper, who spoke for the first time—and even penetrated the inner circle of Simon's long-reclusive muse, Kathy Chitty. The

result is a deeply human account of the challenges and sacrifices of a life in music at the highest level. In the process, Hilburn documents Simon's search for artistry and his constant struggle to protect that artistry against distractions—fame, marriage, divorce, drugs, record company interference, rejection, and insecurity—that have derailed so many great pop figures. “As engaging as a lively American tune” (People), Paul Simon is a “straight-shooting tour de force...that does thorough justice to this American prophet and pop star” (USA TODAY, four out of four stars). “Read it if you like Simon; read it if you want to discover how talent unfolds itself” (Stephen King).

*A Prophet in Two Countries* Jun 23 2020 A Prophet in Two Countries: The Life of F.E. Simon is a biography of Franz Simon and his work in physical chemistry toward the development of nuclear energy. Born in a Jewish family in Berlin at the turn of the 20th century, at a time when Germany started repressing the Jews, Franz Simon becomes a doctor in physical chemistry and successfully conducts many scientific experiments. Germany restricts the Jews from obtaining some professions such as university professors, and though Simon successfully passes his “Habilitation and is allowed to give lectures and collect fees, he is not given an established university appointment. He gets a professorship at the Technische Hochschule in Breslau, but does not stay there for long. Before the Nazis stepped-up their drive against Jewish emigration, Simon and his family leave for Oxford. In 1938, he becomes a British citizen. When World War II breaks, rumors spread that German refugees like Simon will face terrible punishment if Germany wins the war. This rumor only makes the German refugee-scientists more resolved in helping Britain produce the atomic bomb before Germany does. In 1940, he submits a report on Britain's progress on nuclear energy. His method of gaseous diffusion is the most practicable and becomes the basis for many factories later on. His work on the diffusion project earns him the British C.B.E. award, which, for Simon, makes him a man, no longer without a nationality, but a proven British citizen. This biography will delight historians particularly those interested in the history of Jews in Germany and Britain. This book will also attract general readers who are interested in the lives of great scientists

*The Play Goes On* Feb 21 2023 A revealing and heartfelt memoir of a Pulitzer Prize-winning artist finding joy and inspiration after tragedy. In his critically acclaimed *Rewrites*, Neil Simon talked about his beginnings—his early years of working in television, his first real love, his first play, his first brush with failure, and, most moving of all, his first great loss. Simon's same willingness to open his heart to the reader permeates *The Play Goes On*. This second act takes the reader from the mid-1970s to the present, a period in which Simon wrote some of his most popular and critically acclaimed plays, including the Brighton Beach trilogy and *Lost in Yonkers*, for which he won the Pulitzer Prize. Simon experienced enormous professional success during this time, but in his personal life he struggled to find that same sense of happiness and satisfaction. After the death of his first wife, he and his two young daughters left New York for Hollywood. There he remarried, and when that foundered he remarried again. Told with his characteristic humor and unflinching sense of irony, *The Play Goes On* is rich with stories of how Simon's art came to imitate his life. Simon's forty-plus plays make up a body of work that is a long-running memoir in its own right, yet here, in a deeper and more personal book than his first volume, Simon offers a revealing look at an artist in crisis but still able and willing to laugh at

himself.

**Alias Simon Suggs Apr 13 2022 Annotation** “When these words were written everybody had read or heard of Simon Suggs, the shifty man whose antics had been recorded in many a gusty tale of Alabama frontier life which had drawn laughter and applause from newspaper readers throughout the United States. And everybody, at least in Alabama in the 1850s, knew something about his creator, Johnson Jones Hooper. . . . The immortal Suggs, his alter ego, has kept his name alive and renewed its luster, in a biography that deserves almost unqualified praise. Dr. Hoole’s Alias Simon Suggs is a noteworthy achievement. . . . A milestone in contemporary Alabama scholarship, it will become a standard reference work on the literary and political scene [and] as a distinguished piece of biographical writing, skillfully organized and deftly presented.”—Alabama Review

**Simon Cowell Aug 30 2023 Love him or loathe him, Simon Cowell is arguably the most influential player in the British entertainment industry and one of Britain's most successful exports. After a humble start in the post room at EMI, his meteoric rise began when he became a top A&R executive, signing huge acts from Westlife and Five to Robson & Jerome. Fame and a television career followed when he became a judge in the TV talent shows Pop Idol and American Idol and subsequently created the hit shows The X Factor and Britain's Got Talent, watched by millions every year. His trademark blunt honesty coupled with his extraordinary business savvy has made him a household name - but what do we really know about this charismatic and sharp-tongued man? In Simon Cowell Chas Newkey-Burden finds out, interviewing friends and old colleagues, and lifting the lid on the professional and private life of one of Britain's most eligible bachelors.**

**Simon Kenton Unlikely Hero: Biography of a Frontiersman Jan 28 2021 "Simon Kenton first came to Kentucky in 1772 as a teen fleeing justice. The land captivated his heart and he dedicated the next 28 years to helping settlers, fighting Indians, and scouting for famous military leaders."--**

**Andrew, Brother of Simon Peter Mar 01 2021**
