Welcome to the second edition of *Avanti!* In the new edition out priorities remain the same as those of the first edition, to provide an introductory language course that meets the needs of both instructors and learners. Three significant characteristics set *Avanti!* apart from other first-year Italian texts: First, *Avanti!* satisfies students' desire to communicate in everyday situations right from the start and to explore Italy's rich and unique culture in meaningful ways. Second, *Avanti!* responds to instructors' concern that most textbooks attempt to cover too much material in the first year. We have designed an elementary course that reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction. Third, the methodology of *Avanti!* is firmly grounded in current findings of research in second language acquisition and foreign language pedagogy. The materials provide support for instructors, particularly those with limited experience, whose goals are to teach mainly, if not exclusively, in Italian, and to create the student-centered, communicative classroom environment that is promoted by this research. The title *Avanti!* was chosen to convey the forward-thinking approach of this exciting new program. . This book is designed for introductory one-semester or one-year courses in communications networks in upper-level undergraduate programs. The second half of the book can be used in more advanced courses. As pre-requisites the book assumes a general knowledge of computer systems and programming, and elementary calculus.

The second edition expands on the success of the first edition by updating on technological changes in networks and responding to comprehensive market feedback.. EXPLORACIONES transforms students into culturally competent Spanish speakers by providing learning strategies, systematic self-assessments, integration of the National Standards, and a focus on the practical purposes of language study. Created through a “student-tested, faculty-approved” review process with thousands of students and hundreds of faculty, this text is an engaging and accessible solution. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Its fresh, student-friendly approach, effective integration of video, and powerful online tools lead students to effective personalized communication. The authors of Great Leaders Grow use a fable to lay out what is the secret to great leadership in this internationally bestselling guide. It’s a question that everyone in a position of authority—whether in a multinational corporation or a local volunteer group—wonders sooner or later. Here Ken Blanchard, whose books on leadership have sold over twenty million copies, and Mark Miller, who worked his way up from line worker to vice president of Chick-Fil-A, one of the largest fast-food restaurant chains in the country, uncover the secret that great leaders already know and detail what you need to do to truly inspire and motivate others. The authors get at the heart of what makes a leader successful using a classic business fable. Newly promoted but struggling young executive Debbie Brewster asks her mentor, “What is the secret of great leaders?” His reply—“great leaders serve”—flummoxes her, but over time he reveals the five fundamental ways that leaders succeed through service. Along the way, Debbie learns:

- Why great leaders seem preoccupied with the future
- How people on the team ultimately determine your success or failure
- What three arenas require continuous improvement
- Why true success in leadership has two essential components
- How to knowingly strengthen—or unwittingly destroy—leadership credibility

This new edition includes a leadership self-assessment so readers can measure to what extent they lead by serving and where they can improve. The authors have also added answers to the most frequently asked questions about how to apply the SERVE model in the real world. As practical as it is uplifting, The Secret shares

Blanchard and Miller's wisdom about leadership in a form that anyone can easily understand and implement. "You don't have to be older to be a great leader. The Secret shows how to lay the foundation for powerful servant leadership early in your career to maximize your impact." —Claire Diaz-Ortiz, Head of Corporate Innovation and Philanthropy at Twitter, Inc. and author of *Twitter for Good* and *Hope Runs* "When you learn The Secret, don't keep it to yourself. Share it and use it with your people. It will make a difference in their lives and their performance." —Donald G. Soderquist, former Vice Chairman, Wal-Mart, and founder of the Soderquist Center for Leadership and Ethics, John Brown University "If you know The Secret, both relationships and results will prosper. It's a perfect move in your life from success to significance." —Bob Buford, author of *Halftime Swing*
